**USM'S MULTI-DISCIPLINARY UNDERGRADUATE RESEARCH JOURNAL
 ANNOUNCES A CALL FOR PAPERS IN ALL MAJORS.**

SUBMISSION GUIDELINES:

- Submissions must fall into one of these categories:
 1. Original Research—ranging from the traditional (but exceptionally researched) term paper to creative, original projects in the arts and sciences.
 2. Art Work for Cover Consideration—photographs of art work may be submitted for this issue's cover. If you are submitting art work, you will also need to submit a 5-7 page commentary on the piece to be published in the issue on whose cover it appears.
- The application cover sheet can be found at www.usm.edu/catalyst. It may also be found in the Honors College Office (Honor House).
 - *Each submission must be approved for publication by a professor familiar with your work. He or she must sign the bottom of the application cover sheet. Submissions will not be accepted without this signature.
- The application cover sheet must be completed and sent to the *Catalyst* Post Office Box. Also send 1 electronic copy (Microsoft Word format) to the editor of your discipline (Humanities or Sciences).
- Do NOT put any identifying marks (name/student ID) on the electronic copy; only the title should be on the copy. This is essential in order for the review board to conduct a blind reading of submissions.
- Articles submitted must follow an established style manual (MLA, APA, etc.). The style used must be indicated on the application sheet.
- Submissions for original research must fall between 10-20 pages, double spaced, size 12 font, 1" margins. This page limit does not include references/sources. Full-length Honors theses are NOT accepted; however, you may submit a portion of your thesis so long as it complies with the above page restrictions. Due to the limits of journal publication, longer articles may need to be edited after selection.
- Cover Art submissions should include 5-7 pages of commentary on the art work, as well as photographs or digital copies of the work itself.
- Supplementary materials are encouraged. Make sure that all photographs are JPEG format and that charts, graphs, etc. are compatible with Microsoft Word.

ACCEPTING SUBMISSIONS APRIL 1 THROUGH MAY 15
