- Please follow the university protocols regarding Covid-19.
- Lab safety is our first priority and make sure to wear suitable PPEs in the lab.
- Experimental data should be summarized and presented using MS ppt slides or words etc.
- If you are scheduled to have a formal talk, please make yourself familiar with the technique (e.g., PC, projector, and laser pointer).
- Scheduled annual update: Jesy Alka M: 11/17/2022 and Arati Biswakarma 12/1/2022.
- Each group meeting will cover two parts: (1) regular weekly research update and experimental data discussion, and (2) group seminar as indicated above.
