For the second program in GCRL's 2010
Community Education and Outreach Series:

*A presentation by Dr. Olivia Graves
highlighting birds of the Mississippi Gulf Coast*

- Part of the MY COAST lecture series -

Tues., Feb. 9

6:30 - 8 p.m.

GCRL Caylor Auditorium

-Meet and Greet social begins at 6 p.m.-

Dr. Olivia Graves, retired teacher and avid bird enthusiast, will highlight her recent participation in the American Birding Association's Annual Big Year of Birding. Graves worked tirelessly last year to locate and document more than 600 bird species within the lower 48 states.

Free field guides, *Selected Birds of the Grand Bay National Estuarine Research Reserve and Vicinity*, will be available. Authors and photographers will be on hand for a book signing.

Learn how coast residents can become citizen scientists and participate in Audubon's upcoming Great Backyard Bird Count, Feb.12-15.

Program Sponsors: GCRL's Marine Education Center, DMR's Grand Bay National Estuarine Research Reserve, the Gulf of Mexico Alliance and the Mississippi Coast Audubon Society
