

Are you tough enough... for **SHARK FEST?**

Shark dissection, identification and long lining... Oh my! Dive into the enthralling underwater world through the eyes of the oceans top predators. Visit the top shark fishing hotspots around the Barrier Islands aboard a research vessel. Catch and tag sharks to contribute to ongoing scientific research. Register today for the 5-day camp at the Gulf Coast Research Laboratory Marine Education Center in Ocean Springs, MS. It's a "shark eat shark" world out there...come and take a bite out of it!

GCRL Marine Education Center invites YOU!

PARTICIPANTS WILL:

- Interact with GCRL scientists
- Capture, tag & release sharks
- Contribute to ongoing research
- Spend time aboard GCRL research vessels
- Receive a "Shark Fest" t-shirt
- And learn about sharks, skates & rays

\$350 per person / **\$50** deposit required
