Graduate School - 118 College Drive #10066, Hattiesburg, MS 39406-0001

## GUIDELINES FOR APPLYING TO GRADUATE SCHOOL AND FOR ASSISTANTSHIPS

We are pleased that you are applying to The University of Southern Mississippi for graduate study. Please read the directions below carefully. We must receive all of the required application materials and fees before your file can be sent to a department or school for processing. If you have any questions, contact the **Graduate School**. If an applicant has a disability that qualifies under the ADA and requires accommodations, he or she should contact the Office for Disability Accommodations (preferably as soon as accepted for admission) for information regarding Southern Miss policies and procedures: voicemail – 601.266.5024; phone – 601.266.6837; fax – 601.266.6035.

### U.S. Citizens/Resident Aliens

You may submit your application form and official transcripts to one of the offices listed below; submit test scores to the Graduate School. Submit references and other supplemental materials to the department to which you are applying. If you are applying to more than one department, submit references and materials to each of the departments. The Graduate School will process your application, transcripts and test scores and then forward them to the department(s) for admission consideration. You will receive an *official* letter of your admission status from the Graduate School.

### Mississippi Residence Status

#### *Petitions for Change of Residency.*

Petitions for change of residency must be made on or before the last day of late registration. Forms are available in the Office of the University Registrar.

**Legal Residence of Students.** The definitions and conditions stated here are as required by state law in the classification of students as residents or nonresidents for assessment of fees. Requests for a review of residency classification should be submitted to the Office of the University Registrar.

**A Minor.** The residence of a person less than 21 years of age is that of the father. After the death of the father, the residence of the minor is that of the mother. If the parents are divorced, the residence of the minor is that of the parent who was granted custody by the court. If custody was not granted, the residence continues to be that of the father. If both parents are dead, the residence of the minor is that of the last surviving parent at the time of that

parent's death, unless the minor lives with a legal guardian of his or her person duly appointed by a proper court of Mississippi, in which case his or her residence becomes that of the guardian.

**An Adult.** The residence of an adult is that place where he or she is domiciled, i.e., the place where he or she physically resides with the intention of remaining there indefinitely or of returning there permanently when temporarily absent. Adult students who are residing outside the state of Mississippi but whose parents have moved to this state and have become residents must establish residence in their own right. In determining residence for tuition purposes for persons who return to Mississippi after temporary departures such as school attendance, work elsewhere or military service, cognizance is taken of evidence showing continuity of state residence and demonstrated intent to return to the state.

**Removal of Parents from Mississippi.** If the parents of a minor who is enrolled as a student in an institution of higher learning move their legal residence from the state of Mississippi, the minor is immediately classified as a nonresident student.

**Twelve Months of Residence Required.** No student may be admitted to the university as a resident of Mississippi unless his or her residence, as defined herein above, has been in the state of Mississippi for a continuous period of at least 12 months immediately preceding his or her admission. A student who has lived within the state for 12 months following his or her 21st birthday may establish residence in his or her own right by showing that he or she is living in the state with the intention of abandoning his or her former domicile and remaining in the state of Mississippi permanently or for an indefinite length of time. Intent may be demonstrated or disproved by factors including, but not limited to, filing of Mississippi income tax returns, eligibility to vote in

Mississippi, motor vehicle registration in Mississippi, possession of a Mississippi operator's license, place of employment and self-support.

**Residence Status of a Married Person.** A married person may claim the residence of his or her spouse.

**Legal Residence of a Foreign Student.** Students with permanent immigrant status or refugee status can establish residence in the state by meeting the provisions of the Mississippi statute.

**Children of Parents Who Are Employed by the University.** Children of parents who are members of the faculty or staff of the university may be classified as residents without regard to the residence requirement of 12 months.

**Military Personnel Assigned on Active Duty Stationed in Mississippi.** Members of the armed forces on extended active duty and stationed within the state of Mississippi may be classified as residents without regard to the residence requirement of 12 months, for the purpose of attending the university. Resident status of such military personnel who are not legal residents of Mississippi, as defined above under "An Adult," shall terminate upon their reassignment for duty in the continental United States outside the state of Mississippi.

**Children of Military Personnel.** Resident status of children of members of the armed forces on extended active duty shall be that of the military parent for the purpose of attending the university during the time that their military parents are stationed within the state of Mississippi and shall be continued through the time that military parents are stationed in an overseas area with last duty assignment within the state of Mississippi, excepting temporary training assignments en route from Mississippi. Resident status of minor children shall terminate upon reassignment under permanent change of station orders of their military parents

for duty in the continental United States outside the state of Mississippi, excepting temporary training assignments en route from Mississippi.

**Certification of Residence of Military Personnel.** A military person on active duty stationed in Mississippi who wishes to avail himself or herself or his or her dependents of the provisions of the paragraph titled "Military Personnel Assigned on Active Duty Stationed in Mississippi" must submit a certificate from his or her military organization showing the name of the military member; the name of the dependent, if for a dependent; the name of the organization of assignment and its address (may be in the letterhead); that the military member will be on active duty stationed in Mississippi on the date of registration at the university; that the military member is not on transfer orders; and the signature of the commanding officer, the adjutant or the personnel officer of the unit of assignment, with signer's rank and title. A military certificate must be presented to the registrar of the university each semester at (or within 10 days prior to) registration for the provisions of the paragraph "Military Personnel Assigned on Active Duty Stationed in Mississippi" named above, to be effective.
