

FREE COMMUNITY LECTURE

At the **USM Advanced Education Center**
(on the Southern Miss Long Beach Campus)

The Sun Herald *and* The University of Southern Mississippi Gulf Coast
College of Science and Technology *present:*

A PUBLIC LECTURE

The HEALTH *of our* GULF COAST WATERS

Thursday, November 29 | 7 p.m.
Advanced Education Center
USM Gulf Park Campus - Long Beach

Dr. Ivor van Heerden,
Author and hurricane expert

Ivor van Heerden is deputy director of the Louisiana State University Hurricane Center and director of the Center for the Study of Public Health Impacts of Hurricanes. Often called

“the man who predicted Hurricane Katrina,” van Heerden is the author of ***The Storm: What Went Wrong and Why During Hurricane Katrina - the Inside Story from One Louisiana Scientist.***

Dr. van Heerden will discuss the impact of Katrina on our Gulf waters and wetlands and discuss the overall health of our coastline.

With this free lecture, the Issues+Answers lecture series returns to the Advanced Education Center on the north side of the Southern Miss campus in Long Beach.
