

# ADDRESS INFORMATION

Until SEVIS is fully implemented on August 1, 2003, you are required to submit the form AR-11 “Aliens Change of Address Card” within 10 days of any change of address. You may obtain this form from ISA or by visiting the Bureau of Citizenship and Immigration Services (BCIS) website at [www.immigration.gov](http://www.immigration.gov). After August 1, 2003, you will only need to notify ISA of any address changes. We will be able to communicate this change with the Immigration Service via SEVIS.

Currently enrolled students as well as those doing optional practical training (OPT) or curricular practical training (CPT) must also keep ISA apprised of their current physical and mailing address.

Those residing on or off campus that are unable to receive mail at their residence must provide ISA with a mailing address ( e.g. P.O. Box, USM Box, etc.) and the address of their physical location (e.g. Bolton Hall Room 11, etc.).

The address requirement holds true for those in F-2/J-2 status also.
