Hey Everybody:

I'm Dr. Mackaman and it's my pleasure to welcome all of you to the 2008 British Studies Program. Your professors, my staff, our British friends who work at King's College and elsewhere to make this program a success and I are all fired up about the four weeks we will have together this summer in the UK!

I am going to be reaching out to you through this list, as will others on the BSP staff for 2008, with information to help your summer weeks abroad be a big success. So even if you are very tired of administrative emails from USM or another university, do read what we send you through here. You might even print our notes from this list and forward them to your parents or other very interested parties. That is your call.

Anyway I wish you a terrific few weeks of preparation for London. And I will be in touch with more emails very soon.

Cheers,

Dr. Mackaman
