

Preferred Location for Supervised Practice Placement

I am interested in beginning the Southern Miss Dietetic Internship Summer 20__.

Placement of students is dependant on total points received in the application/interview process. Students who are selected as part of the preselect option will have first priority.

Rate preference of city (1 for 1st preference, 2 for 2nd, etc.) in which you would like to be placed. If no preference, document "N/A". If you do not rate a preference, a city will be assigned to you, if selected.

_____ Hattiesburg/Laurel

_____ Jackson

_____ Biloxi

I am aware that this does not guarantee placement in preferred city, and that students must provide their own housing and transportation. I understand that a professional program fee, in addition to the university tuition, is assessed each semester during the Dietetic Internship.

I am aware that I **MUST** meet all conditions for admission to graduate school in order to be placed in the Southern Miss dietetic internship. In addition, if selected, I must submit final transcripts and Verification Statement to the graduate school **AND** the dietetic internship.

I hereby grant permission to distribute copies of my application and supporting materials to members of the Southern Miss Dietetic Internship Admissions Committee Retention for consideration.

Date of Application

Signature of Applicant

***Return this form to Dietetic Internship Director with the completed application.**
