Mission

The College of Business at The University of Southern Mississippi is committed to preparing our students for careers in business and to assisting organizations in South Mississippi. Accordingly, our programs emphasize

- values conducive to personal and career development
- the functions and environment of business
- communication and critical thinking
- the global dimensions of business
- ethical decision-making

To fulfill our mission, the college seeks a balanced and synergistic agenda of instruction, scholarly activity, and professional service.

Graduate Degree Programs

The Master of Business Administration (M.B.A.) is available on both the Hattiesburg campus and the Gulf Coast campus. The Master of Professional Accountancy (M.P.A.) is available on the Hattiesburg campus. The M.B.A. and M.P.A. programs are accredited by the Association to Advance Collegiate Schools of Business (AACSB). The following dual degree programs are offered in collaboration with the College of Health; Masters of Public Health (MPH)/M.B.A. and M.B.A./Master of Science in Sport Management (MS).

Graduate assistantships are available for all College of Business graduate degrees. Students with good undergraduate records are encouraged to apply at the time they request admission, with a deadline of March 15.

The M.B.A. program is available to students who have no previous coursework in business administration, as well as anyone whose background includes an undergraduate degree in a business discipline. Consequently, required M.B.A. coursework ranges from a minimum of 33 semester hours to a maximum of 57 semester hours. Specific degree requirements will be determined upon admission. Pre-program proficiency requirements include the ability to make use of word processing, spreadsheet, and database management software packages, as well as mathematical competence through managerial statistics and applied calculus.

The M.B.A. program is broad in nature and aimed at developing managerial competence from a general perspective. Specifically, the M.B.A. curriculum

- strengthens critical thinking skills that involve the ability to structure and analyze problems creatively and to process data to yield useful information
- fosters thinking that is global in scope and integrative of the economic, technical, political-legal, and social-cultural dimensions
- provides pragmatic managerial decision-making skills through instruction in the fundamentals of the functional areas of business (accounting, financial analysis, etc.)
- develops skills in dealing with behavioral issues including the ability to function effectively as a decision maker, motivator, and leader
- increases awareness of and appreciation for ethical values, human dignity, cultural diversity, social responsibilities, and the need for continuous self-development
- develops the ability to think strategically and to function effectively in an environment of rapid change
- enhances written and oral communication skills

Plan of Study. Students must submit their signed, official *Plan of Study Form* to the Graduate School by the end of the **first semester** they are enrolled. The *Plan of Study Forms* are available at www.edu/graduateschool - click on "Current Students" and then the "Plans of Study" link.

Business core pre-requisite requirements (for students who do not have an undergraduate degree in business) are as follows:

(total advanced coursework: 33 hours)

Business core pre-requisite courses should be taken prior to enrolling in M.B.A. classes.

Dual Degree Programs

The College of Business offers two dual degree programs in conjunction with the College of Health. The **Master of Public Health/Master of Business Administration (MPH/MBA)** degree program is designed for students interested in pursuing top-level administrative positions in health care organizations and/or consulting. The **Master of Business Administration/Master of Science in Sport Management (MBA/MS)** is ideal for those interested in careers at the executive level of the sports industry, offering industry experience as well as business expertise. Both dual degree programs are a minimum 63 semester hours. Candidates must meet requirements and prerequisites of BOTH the MBA program and the partner program (MPH or MSM) in order to qualify for admission. More detailed information on these exciting programs is available online at www.usm.edu/mba.

Admission Standards

Admission to The University of Southern Mississippi's M.B.A. and M.P.A. programs is selective. Regular admission is contingent on having graduated from a college or university accredited by a recognized regional accrediting agency. In addition, the Graduate Admissions committee of the College of Business recommends admittance only for those applicants whose academic background, work experience, demonstrated leadership, and communication skills meet the challenging demands of graduate programs in management and accounting.

In evaluating applications, the admission committee utilizes the following criteria:

Undergraduate record—The cumulative grade point average (GPA) from all institutions, the area(s) of concentration, the balance of verbal/communication and quantitative/analytical courses, and the trend of grades are considered.

Graduate Management Admission Test (GMAT)—The GMAT is sponsored and directed by the Graduate Management Admission Council, consisting of representatives from graduate schools of management. A candidate should strive to achieve a good balance of verbal- and quantitative-area scores.

Test of English as a Foreign Language (TOEFL)—Students whose native language is not English must achieve a minimum TOEFL score of 550 on the written exam, 213 on the computer exam.

Work Experience—While work experience is not required for admission, two or more years of relevant managerial responsibility strengthen the likelihood of admission to the program. Applicants are encouraged to submit resumes showing job responsibilities and accomplishments.

Letters of Recommendation—The admission committee reviews letters of recommendation to gain a more personal understanding of the applicant's leadership ability in terms of communication and interpersonal skills. Each applicant should request three recommendation letters, at least one of which addresses the applicant's academic preparation. Letters of recommendation should be from persons qualified to assess the applicant's readiness for graduate study and should be sent to the department or school.

Essay—The essay requirement provides the applicant an opportunity to demonstrate writing competency and communication skills. It also enables the applicant to provide specific examples of demonstrated leadership, to discuss career plans, and to supply additional information that will assist in selecting those individuals who can most benefit from and contribute to the graduate management or accounting programs.

Students may enroll in College of Business courses reserved exclusively for graduate students if they have regular admission to specific Southern Miss graduate programs and have taken the necessary prerequisites. In rare cases, students may be admitted conditionally. To remove conditional admission status, master's students must earn a B in each class on the first nine (9) semester hours of coursework numbered 600 or above or on all courses taken while completing this nine (9) hour requirement. Students with an undergraduate degree in business who have been accepted into the M.B.A. program may start on a full-time basis in the fall semester. Students who do not have an undergraduate degree in business must complete business core pre-requisite requirements prior to acceptance into the M.B.A. program.

Students transferring from other graduate schools must meet the admission requirements stated above. At the time of admission, transfer students may request that up to six (6) semester hours of approved credit be applied toward degree requirements. Once enrolled, transfer of credit for courses taken at other institutions must be approved in advance.

More detailed information on the admissions process is available online at www.usm.edu/mba.

Academic Policies

Application of credits and dismissal—Students who receive a grade of “C” in more than nine (9) hours of coursework will be dismissed from the program. Students may not apply hours toward a degree for courses in which there is a grade of “D”; students who receive grades of “D” in more than six (6) hours of coursework will be dismissed from the program. Students who receive grades of “F” in more than three hours of coursework will be dismissed from the program. Students must maintain a 3.0 GPA to be in good standing.

Upon approval by the program director, students may repeat only one course to improve a cumulative grade point average. Students whose cumulative grade point average (GPA) or whose program GPA falls below 3.0 will be placed on probation. Students must attain a cumulative 3.0 GPA by the end of the following (probationary) semester or they may be dismissed from the program subject to review by a faculty committee and the program director.

Graduation requirements—Students must complete course requirements with at least a 3.0 GPA for all graduate courses taken. In addition, all general requirements of The Graduate School must be met; this includes a comprehensive examination.

Continuous Enrollment Requirement: Students must meet the requirement specified in the front section of this *Bulletin*.

Mission

The School of Accountancy (SOA) is an academic unit within the College of Business (COB) at The University of Southern Mississippi and is committed to the mission of the COB. Within this framework, the SOA has its own unique mission.

The primary mission of the accounting program is to (1) provide quality undergraduate business education to South Mississippi students with an entryway to the accounting community and (2) to provide quality graduate accounting education to prepare South Mississippi students for professional employment.

To accomplish this mission, the accounting faculty strives to produce BSBA graduates who are competent in entry-level business and accounting positions and have the educational background necessary for advancement. MPA graduates are expected to be competent in professional accounting positions and have to have the educational background that will enable them to advance in the accounting profession. The program will also provide quality accounting education to other students whose chosen curriculum includes accounting. Therefore, as its first priority, the SOA emphasizes excellent teaching in an environment of continuous curriculum development. The SOA also encourages scholarly, professionally, and pedagogical research as well as professional service to maintain the currency of its faculty and curriculum.

The objective of the graduate curriculum is to provide more depth and breadth in accounting and related subjects than can be accomplished in a four-year program. Enrollment in the school’s graduate program is limited to those students who show a high probability of success.

The school offers one degree—the Master of Professional Accountancy. The program leading to the M.P.A. is essentially the culmination of a five-year program. A student who earns the bachelor’s degree with a major in accounting may normally complete the M.P.A. program with one year’s additional work. A minimum of thirty (30) hours of graduate work is required. Full-time admission to the M.P.A. program is in the fall semester only.

Plan of Study. Students must submit their signed, official *Plan of Study Form* to the Graduate School by the end of the **first semester** they are enrolled. The *Plan of Study Forms* are available at www.edu/graduateschool - click on "Current Students" and then the "Plans of Study" link.

Students with a variety of educational backgrounds may enter the program. Students who have a baccalaureate degree from an accredited college or university must either transfer or take the following business environment and tool courses:

Applied Calculus for Business	3	Advanced Business Law	3
Principles of Economics	6	Principles of Finance	3
Managerial Statistics I	3	Global Managerial Policy and Strategy	3
Managerial Statistics II	3	Management Information Systems	3

ACC 620 - Advanced Cost/Managerial Accounting	3
ACC 630 - Tax Seminar I	3
ACC 631 - Tax Seminar II	3
ACC 660 – Controllership	3
MBA 640 - Financial Management	3
Approved electives	9

A minimum of 30 hours of graduate level business courses must be taken with at least 27 hours numbered over 600. MBA 500-level courses and MBA 611 do not count towards the required 30 graduate business hours.

Admission to the Program

Admission requirements and procedures are the same as for the M.B.A. program.

Graduation and Retention Standards

Graduation and retention standards for the M.P.A. program are the same as those listed above for the M.B.A. program.

Continuous Enrollment Requirement: Students must meet the requirement specified in the front section of this *Bulletin*.
