

COS WORKSHOPS - SUMMER 2005

What is COS?

Community of Science (COS) is a global, web-based resource for information critical to scientific research and other scholarly projects across all disciplines. Universities, corporations, societies, private institutions, government agencies and individual researchers depend on COS products and services to find funding, promote their work, identify other experts in their field, manage resources, and collaborate with colleagues.

Sessions:

Wednesday, June 29, 2005
9:30 a.m. - 11:30 a.m.
Learning Enhancement Center
International Center Room 317

Tuesday, July 12, 2005
1:00 p.m. - 3:00 p.m.
Learning Enhancement Center
International Center Room 317

What topics are covered?

- Introduction to services and tools available for finding funding opportunities
- Create and customize personal profiles
- Practice techniques for searching the funding opportunities database
- Learn to set up personalized funding alerts to receive weekly electronic notification of announcements based on self-defined parameters

SPA Workshop Series

Registration

The workshop is free, but pre-registration is required.

Please reserve your seat by sending an e-mail message to sponsoredprograms@usm.edu. Include the event title, date and time, your name, department, phone, and e-mail address.
