

Howard Hughes Medical Institute's
Undergraduate Science Education
Grant Program for Invited Research Universities

Faculty!

HHMI's Science Education

Grants for Institutions support a range of activities that engage students in research; create courses that convey the excitement of contemporary science; develop new, current, & future faculty members; & broaden access to science careers through outreach activities that extend to elementary, secondary, and community college faculty and students. The core grant will provide funding in four components:

- **Student Research**
- **Faculty Development**
- **Curriculum Development**
- **Outreach & Transitions**

HHMI limit: one core proposal per institution

APPLICANT INSTRUCTIONS:

- **Instructions** and program links are posted on the **Southern Miss Sponsored Programs Administration** website at http://www.usm.edu/spa/policies/internal_competitions.htm.

DEADLINES:

- **Concept** papers due at SPA by **5:00 pm Monday, June 29**
- **Proposal** (only 1 from USM) due at HHMI by **1 pm Thursday, October 1**

For questions concerning this competition, contact Southern Miss Sponsored Programs Administration at sponsoredprograms@usm.edu or 601-266-4119.
