Hello! I am a new student at Southern Miss and would like some advice on how Career Services can help me.

**DR. AMY MILLER**, Executive Vice Provost for Academic Affairs

Make a list of ALL courses that you need to take to graduate and make your own road map. Then, take it to your advisor for feedback. You’re in charge of your career at Southern Miss, so make sure you know what you need to take!

Write a résumé your first semester and revise it at least once a semester after that. It will help motivate you to get involved and keep you from forgetting all that you do!

Invest time each semester in getting to know at least one or two of your professors. Talk to them after class, go to office hours, and seek feedback on your papers or tests. If you need advice down the road, or a letter of reference (you will), they will be there to help!

Don’t be afraid to change your major if you think you need to. It happens all the time. Talk to your advisor or a professor and explore your options!

Be sure you understand our policies on plagiarism and other forms of academic integrity misconduct. It may not be what you think, and you can be given an XF on your permanent record for “failure due to academic misconduct” if you break the rules. Read the policy on the provost’s website and be very careful to follow it! Your options!

GARRETT MINTA, Class of 2018
Career Services helped me to be able to find a major more suited for me and my tastes. I was originally going to work as a physicist, but found that I am far more eloquent than I am good at math. Rusty Anderson spent quite a few sessions on helping me explore career pathways, helping me with my résumé, and giving me advice on where to look for work and opportunities. He is the reason I am now working as a reporter and am so much happier. I am so glad USM offers Career Services to their students, and I thank Rusty for his time, and in most cases, his patience.

ERICA KENT, Class of 2017
The Career Services Teacher Job Fair was absolutely essential in my job search. Not only did I make new connections and collect valuable information about schools around the state, but I was able to follow up with the district that ended up hiring me the very next semester. Southern Miss Teacher Fair TTT!

JOHNNY DALE BRUMFIELD JR., Class of 2016
Ms. Beard helped me exponentially. My résumé was crafted in the right way, my career choice was refined, and a lot of resources were presented to me in order to better prepare me for the real world. Career Services gives you the tools to be successful!

Did you know employers indicated that leadership was a top five skill they are looking for in new hires in the 2017 NACE Job Outlook survey? Leadership experiences outside of the classroom complement classroom learning to equip students to be the best they can be and achieve all of their post-graduation goals. Here are our Top Five Tips:

Q: As a new student at Southern Miss, are there resources available to help me choose a major?
A: Yes, visit Career Services on campus to explore major areas of study. You can meet with a career consultant to help you in identifying your interests and learn about various assessments to narrow your search. Research shows that students who find the right major reduce the number of semesters to achieve a degree with fewer major changes.

Q: How do I discover types of jobs related to my career path and inquire about expected salaries?
A: You can gain information about expectations of your occupation of interest (ex. potential salary, values, work environment) by taking advantage of the many resources provided to you. Such resources include, but are not limited to, the following: What Can I Do With This Major®, O’NET, Focus2 and Occupational Outlook Handbook.

Q: What are some additional tips for new students?
A: Begin with the end in mind. Start building experiences to achieve your goals. Know the GPA expectation for your career choice and resources to achieve it. Start with 1-2 organizations on campus correlating with your career goals and get connected. Stop by Career Services in McLemore Hall 125 or schedule an appointment (601.266.4153) to plan your career success now!

When thinking about graduate school, the first thing you want to determine is your academic and career goals. Decide what your goals are, and then determine if graduate school will help you get there.

TIPS AND ADVICE

“From the time I began my college career, it was always a dream of mine to work with college students in a university setting on a daily basis. I was fortunate enough to have a mentor to help me through the graduate school process. Throughout my graduate program in Student Affairs, I had several opportunities to gain related field experiences through a practicum and internship. I was able to work with college students at the Career Center and the university’s Academic Advising Center. These experiences helped me decide which area I wanted to start my professional career. I am forever grateful for the opportunity and experiences I received during my graduate program, which helped me land my dream job of working with college students as a career counselor for Career Services at The University of Southern Mississippi!”

Felicia Gray, Graduate Assistant

“Make sure that when applying to a graduate program, you are considering whether the program is a good fit for you. You may meet all of the qualifications for the program, but be sure that they offer the research and other opportunities that you want. Also, when applying for programs, give yourself enough time to gather all of the necessary requirements (especially to take the qualification exams more than once, if needed). I always say to learn from others’ mistakes if you can; one of my biggest mistakes when applying to graduate school was starting the application process late. I felt really rushed, which added extra stress that was not needed. Definitely put your best work forward and give yourself time. If cost is a contributing factor to deciding on a program, remember that there could be graduate assistantship positions available to help alleviate some of that cost.”

**TIP FOR WOMEN**
- The ideal professional dress is matching suit pieces. Whether it’s a pant or skirt, have a matching jacket.
- Keep heels under three inches.
- Keep hair well groomed and be mindful of hair color.

**TIPS FOR MEN**
- When choosing a tie, the more professional you get, the “calmer” the tie is concerning color and pattern.
- The ideal professional dress is matching suit pieces.

**DRESS FOR SUCCESS**

**WARM WEATHER TIPS**
- Try wearing linen and other light fabrics.
- Try lighter colors and accessories.

**WOMEN**
- **SKIRT:** Skirt length is knee length or slightly above the knee.
- **PANTS:** For business casual, dress pants are great. For professional, you want suit pants that match a jacket.

- **SHOES:** Professional shoes are solid and cover all toes.

**MEN**
- **SHIRT:** Long-sleeved, buttoned shirt with collar should be neatly pressed and tucked into pants.
- **TIE:** Tie needs to coordinate with shirt and pants and be properly knotted.
- **PANTS:** Wear dress slacks, solid color, pressed and tailored for a professional fit.
- **JACKET:** When dressing business casual, either wear a tie or a jacket.
**PROFESSIONAL COMMUNICATION TIPS**

**SUBJECT: JOB SHADOWING**

Dear Ms. Brewster, (Always try to find the person’s name!)

Hello, my name is Roxanne Jones, and I am very interested in job shadowing with you. My professor, John Doe, highly recommended that I contact you.

I recently became interested in teaching, and I am heavily considering changing my major. Before I take the leap, I’d love to shadow you for a day and see what it’s like behind the teacher’s desk.

I look forward to hearing from you at your earliest convenience. I can be reached via email at Roxanne.Jones@usm.edu or by phone at 228.123.4567. Thank you for your time and consideration.

Best regards,

Roxanne Jones
OPTIMIZE YOUR PROFILE TO BECOME A LINKEDIN ALL-STAR!

LinkedIn is the biggest professional social network, with over 500 million users. Nearly every industry uses LinkedIn to find and vet job candidates, and over 90% of recruiters rely on the site. With these statistics in mind, you can’t afford NOT to have a LinkedIn profile!

If you want to truly maximize the value of LinkedIn, you’ll want to optimize your profile. Optimizing your profile means completely filling it out and becoming a LinkedIn “all-star.” LinkedIn users who achieve all-star status show up in recruiters’ search results more often.

Use the following tips summarized from Social Media Marketing: A Strategic Approach to market yourself and achieve all-star status on LinkedIn.

1. Headshot – Photo should be professional and should not show too much skin (a good rule of thumb is to use a picture that shows from the collar bone up).

2. Summary section – Write your summary in first person (i.e., use “I” not “he/she”). Use keywords that describe you and what you DO rather than a job title. For example, if you are skilled in graphic design and want a career in that area, you might include the words “graphic designer” (how you want to be found on LinkedIn) in your summary instead of “student” (your title). Where possible, include your keywords in other areas of your profile as well, so that you come up in searches of recruiters looking for job candidates with your competencies and so you receive suggestions from LinkedIn about jobs that would be a good fit.

3. Skills/endorsements – Fill out the skills section of your profile. LinkedIn allows you to input 50 skills. Use all of them! People can then endorse you for these skills, which adds to your credibility.

4. Recommendations – Try to get at least six to 10 people to recommend you to enhance your credibility. Recommendations are not the same as endorses, which are just a click of a button. When someone recommends you, he or she is writing a detailed paragraph about your competencies and his or her interactions with you.

5. Groups – LinkedIn lets you join up to 100 groups. Join as many as possible and participate in their discussions. Monitor conversations and look for opportunities to share opinions and give feedback. Be seen as a contributor and someone who is helpful.

6. Connections – Aim for 500 connections, but try to stick to connecting with people you have met offline or through a group on LinkedIn. That way, you’ll build a solid network on which you can rely in the future. It can take some time and effort to build 500 connections, but doing so indicates to LinkedIn that you are a serious, well-connected professional and increases the odds of your profile getting served up in searches.

-Holly Syrdal

REFERENCES
Have you ever heard the phrase, “It’s not what you know but who you know?” A large percentage of the jobs filled each year are a result of networking. This aspect of the job market is commonly referred to as the “hidden” job market. If you are only responding to online/official job postings, you could be missing a considerable number of opportunities.

FIRST BUILD YOURSELF

“Building effective relationships is one of the most essential elements to ensuring success in your professional life. Far more important than any relationship you establish with another person is the relationship you have with yourself.

In order to effectively initiate, sustain and develop relationships in your professional life, you must first have a sense of confidence in communicating who you are in an enthusiastic and articulate manner.

Know your own personal goals, the topics that you are passionate about, and the vision that you want to cultivate.”

-Jona Burton
Assistant Director of Career Services | Gulf Park Campus

**DOs AND DON’Ts**

- **DO** have a firm handshake.
- **DO** say your full name.
- **DO** introduce others.
- **DO** have your elevator pitch ready (refer to page 20).
- **DO** bring business cards.
- **DO** get introductions from current contacts.
- **DO** use your personality.
- **DON’T** be timid.
- **DON’T** speak to only one person.
- **DON’T** self-promote.
- **DON’T** forget to follow up.
- **DON’T** ask someone to distribute your résumé.
- **DON’T** get too personal.

**MINI-RÉSUMÉ CARDS**

Mini-résumé cards are business cards with a brief highlight of skills or accomplishments on the back in three or four bulleted lists. These will often get you noticed in highly competitive searches. Mini-résumé cards can easily be carried in pockets, wallets, purses and padfolios, especially at events like our Career and Internship Expo.

Consider creating a design for your mini-résumé card using graphics and conservative coloring to help separate yourself from other job seekers. Suggested layout programs include InDesign, GIMP, Illustrator, Photoshop, Inkscape and CorelDraw.

**TIP**

- Keep small take-away items with you, like a business card, so you can continue the conversation at a later date.
- Make sure your speech doesn’t sound rehearsed.

Ms. Esther Smith
Hiring Manager
Zeon Chemicals
1301 W. Seventh Street
Hattiesburg, MS 39401 2800

Dear Ms. Smith:

Your company website lists a process technician position in Hattiesburg, Miss, and the enclosed résumé is submitted in application. During a recent conversation with Dr. Joe Jones, he informed me of the new polymers utilized at Zeon and encouraged an application directed to you. The opportunity to work for a company that is a leader in specialty polymers and chemicals is exciting.

The educational training and research experience gained at Southern Miss has honed skills in the areas of quality assurance and environmental acceptability practices. Moreover, chemistry training obtained through classes such as Analytical Biochemistry, Inorganic Chemistry, Physical Chemistry and accompanying lab work has provided knowledge required to work on complex research projects in regard to organic synthesis. Specifically, this knowledge includes data collection, organization, analyses, detailed documentation and reporting of results.

As noted in the job description, you listed previous lab work experience as a desirable qualification. The highlighted intern experience with The Dow Chemical Company afforded me the opportunity to work in a laboratory setting. Responsibilities included testing products and materials, analyzing data and recording findings. Coupled with the academic training received, this hands-on lab experience in a real-world corporate setting will allow for an easy transition into your lab.

The opportunity to meet with you to discuss my qualifications for this position is requested. You can contact me at 123.456.7891 or jonathan.doe@usm.edu, and I am available for a meeting at your convenience. Thank you in advance for your time and review of the enclosed credentials.

Sincerely,

Jonathan Doe

HOW TO ASK FOR A REFERENCE OR LETTER OF RECOMMENDATION

DO

- Ask early (at least two or three weeks in advance).
- Ask in a professional manner through a
  1. Meeting,
  2. Phone call, or
  3. Email. Use correct grammar and be professional.
- Include the purpose for the reference letter.
- Provide a copy of your résumé.
- Provide the writer with instructions for submitting your reference and information on when it is due.
- Send a professional reminder email one week before the deadline.

DON’T

- Have unprofessional references. You want to have people who can talk about your work ethic and performance. Consider professors, advisors, past supervisors and current employers.
- Send a text. Even if you have a close relationship with the person, use professional communication channels for professional situations.
- Ask someone that can’t be a good reference. You want to ask someone that knows you well and thinks highly of you.
- Assume they’ll say yes. Ask, “Would you be comfortable writing me a strong letter of recommendation?” They may not feel they know you well enough to write you a strong letter.
FEDERAL RÉSUMÉ GUIDELINES

Have you ever thought about working for the government? The federal government is looking for different attributes in applicants than a private sector employer; therefore, federal résumés differ greatly from private sector résumés. And, yes, the federal job market can be quite competitive. It takes time to compose an effective federal résumé, so start well ahead of the closing date on the job announcement. You can see available jobs through listings with individual government agencies or by searching USAJOBS.gov.

HERE ARE SOME TIPS TO HELP YOU SUCCEED IN WRITING YOUR FEDERAL RÉSUMÉ.

1. Include mandatory data. Insert the position announcement number, job title, country of citizenship, veteran’s preference and grade at the top of your résumé after the header. As an undergraduate, it is most appropriate to apply for internships, recent graduate jobs or jobs listed in the GS-5 to GS-7 job range. In your employment history section, list each employer’s name, title, complete physical address and phone number, along with the number of hours worked per week, salary information, and whether or not the supervisor can be contacted.

2. Forget what you learned previously about résumé page length. Aim for three to five pages when writing for a federal position. Write comprehensively, clearly and specifically about your experiences. If you have one year of specialized experience in a field related to the job description, make sure it is stated on your résumé.

3. Use key words from the vacancy announcement in the actual résumé. Key words can be found by reading the job description in its entirety and then locating the words that are most significant in relation to what the agency is requesting for the job. Connect those words to your actual job experience on your résumé. For additional help locating key words, refer to the Office of Personnel Management (OPM) Standards and to any corresponding qualifications questionaire in the USAJOBS.gov application.

4. Under each job experience, leave room to tell about accomplishments. In other words, tell about how you contributed to making each experience better. Did you increase sales by a certain percentage? Decrease complaints on your shift? Earn the “Employee of the Month” award? Human resource personnel will want to know if you have the potential to lead and make improvements in the government position for which you are applying.

5. Add value with subheadings to help your résumé shine. Such headings within your experience sections should reveal your core competencies. Core competencies are categories in which you can group topics that you do well. Capitalize your core competency titles; then, explain your involvement in each category as it relates to your experience. Examples of core competencies include leadership, research experience and program coordination.

MAKE YOUR FEDERAL RÉSUMÉ COUNT. CRAFT IT SKILLFULLY.

CURRICULUM VITAE TIPS

What is a curriculum vitae?
A curriculum vitae (CV or vita) is a detailed, ongoing list of experiences and accomplishments. Although it is usually accompanied by corresponding dates for each accomplishment, there is no standard format.

Why use a curriculum vitae instead of a résumé?
CVs may be requested when seeking a research or faculty position in academia, applying for fellowships and grants, obtaining an international job, or working in medical or research professions. Résumés, in contrast, are favored by the business world.

What is the main difference between a curriculum vitae and a résumé?
The recommended length of a résumé is usually one page, while a CV can be several pages. Bullet points are not necessary on a CV but can be used to emphasize significant details.

What should be covered in a curriculum vitae?
Here are some standard categories that can be included in your CV: education, teaching experience, research experience, grants awarded, grants pending, publications, conferences attended, presentations, professional affiliations, committees and advisory boards, languages spoken, honors and awards, research interests, work experience, community involvement.

How should publications be cited on a curriculum vitae?
All publications should be formatted according to the formal, publication style of the corresponding field. For example, APA style is typically used for citations in psychology, education and other social sciences. Refer to your academic department for the preferred style to use.

Is an international CV different than a CV in the United States?
An international CV can be different in that some countries require personal information like date of birth, marital status, hobbies, etc. Personal information is customarily discouraged on a CV in the United States (other than the usual information required on a résumé). In addition, international CVs should be written in the same language as the job description announcement.

How can I find examples of CVs that most closely relate to my field of expertise?
Many of your professors will list their CVs online through departmental websites. This is a great place to start in deciding what type of information to include on your CV.

NEED A SECOND LOOK? BRING YOUR CV BY OUR OFFICE, AND WE’LL BE HAPPY TO HELP.
SEVEN STEPS FOR CONDUCTING A SUCCESSFUL INTERVIEW

An interview is the key to whether or not you are offered a job. On the other hand, this is your opportunity to determine how much both the opportunity and the employer fit what you need and want, as well.

BEFORE THE INTERVIEW

STEP ONE: Research the company and the job.
7 THINGS TO RESEARCH FOR THE INTERVIEW
- History of the company
- Company’s culture, mission and values
- Skills needed for the position
- Clients, products/services offered
- Recent news and events about the company
- The person interviewing you
- The job industry and competitors

You can usually find most of this information on the company website and in their annual report.

STEP TWO: Know yourself.
QUIZ YOURSELF WITH THESE COMMON QUESTIONS EMPLOYERS WANT TO KNOW ABOUT YOU:
- Tell me about yourself.
- What makes you qualified for this position?
- What kind of salary do you expect?
- What do you know about this organization?
- How would a co-worker or supervisor describe you?
- Describe your leadership style.
- Are you willing to travel or relocate, if necessary?
- What motivates you to do your very best on the job?
- What is your greatest strength? What is your greatest weakness?
- How has your education and experience prepared you for this job?
- What is your greatest strength?

THE DAY OF THE INTERVIEW

STEP THREE: Practice!
HOW DO I PRACTICE?
- Use Big Interview on the Career Services website.
- Schedule a mock interview with one of our career counselors.

STEP FOUR: Getting Ready and Arrival
- Dress professionally.
- Bring a copy of your updated résumé and cover letter for each person interviewing you. If you are unsure, bring five.
- Allot yourself plenty of travel time in the event of traffic delays.
- Use the bathroom before you get there.
- Arrive 15 minutes early.
- Behalf the administrative personnel.

STEP FIVE: During the Interview and Answering Questions
Tips:
- Be confident in your attitude, but not cocky.
- Show a true interest, but not desperation.
- Be aware of your tone of voice.
- Have good posture.
- Keep strong eye contact.
- Have a firm handshake.

The more you know about yourself, the job and the company, the better you can articulate why you would be a good hire.

BEHAVIORAL INTERVIEW QUESTIONS

Employers are asking more and more behavioral questions, based on the theory that your past experience in specific situations is a good indicator of your future performance in similar situations. Follow the STAR method to answer the question in a concise and logical manner, while providing all the information the employer desires.

Situation or Task

Action You Took

Results You Achieved

SAMPLE BEHAVIORAL INTERVIEW QUESTIONS
- Tell me about a time when you had to deal with a difficult customer.
- Give me an example of a time when you showed initiative and took the lead in a task or project.
- Tell me about a time when you showed initiative and took the lead in a task or project.
- Tell me about a time when you had to deal with a difficult customer.
- What did you learn? What happened? How did the event end? What did you accomplish?

ILLEGAL INTERVIEW QUESTIONS

ACCORDING TO THE EEOC, IT IS ILLEGAL TO ASK A CANDIDATE QUESTIONS ABOUT THE FOLLOWING:
- Race, Color or National Origin
- Religion
- Sex, Gender Identity or Sexual Orientation
- Pregnancy Status
- Disability
- Age or Genetic Information
- Citizenship
- Marital Status or Number of Children

FYI - EMPLOYERS ARE ONLY ALLOWED TO ASK QUESTIONS ABOUT CRIMINAL BACKGROUND THAT DIRECTLY AFFECT THE JOB YOU ARE INTERVIEWS FOR.

TIP

BE A PROFESSIONAL, NOT A STUDENT. It is important to demonstrate to the employer that you can make the transition from student to professional. This is demonstrated in your attire, attitude and verbal communication, as well as your nonverbal communication.
CLOSING THE INTERVIEW

STEP SIX: At the end of the interview, you will be given another chance to ask questions. Asking questions is essential. This is your opportunity to determine if this position is the best match for you. In order to make your questions productive, your delivery must be as effective as the questions you are asking! Take notes and ask for contact information so that you can follow up within one or two days to say thank you. Choose at least two or three questions on this list that are valuable to you and become comfortable using them effectively.

OFFER OF EMPLOYMENT AND SALARY CONSIDERATION

**TIP 1** 
BEFORE THE INTERVIEW, KNOW YOUR PROBABLE SALARY RANGE.  
- Research on websites like salary.com or glassdoor.com.  
- Visit Career Services for current salary data for new graduates.

**TIP 2** 
DURING THE INTERVIEW, NEVER TALK MONEY.  
Salary should only be discussed after a job offer is made.

**TIP 3** 
BRACKET YOUR SALARY RANGE.  
- Start at what you think they will offer and end above what you will settle for.  
- Don’t use unrealistic salary requirements.  
  Bracketing Strategy Example:  
  If they pay $18 per hour (annual salary: $18 x 2080 hours = $37,440), you say “high 30s to low 40s.”

**TIP 4** 
NEVER SAY “NO” TO AN OFFER.  
- You have time to consider an offer before responding.  
- An offer gives you leverage for contacting other organizations to expedite the search process.

**TIP 5** 
CONSIDER THE COSTS AND BENEFITS BEYOND SALARY.  
- Health Care Plans  
- Vision/Dental Plans  
- Prescription Plans  
- Commute/Parking Costs  
- Vacation/Sick Leave/Holidays  
- Life Insurance  
- Retirement or 401K  
- Profit Share  
- Tuition Reimbursement  
- Overtime/Work Hours  

*Depending on the benefits package, you might have more take home pay with better benefits and less salary. Use a budget sheet, and don’t forget taxes. Salary offer will be gross amount.

5 REASONS WHY CAREER SERVICES IS THE MOST IMPORTANT OFFICE ON CAMPUS
ADAPTED FROM REYNA GOBEL, FORBES CONTRIBUTOR

INTERNSHIP AND JOB LISTINGS
Colleges have databases of internships and job opportunities. These job banks are vital to a student’s job search prospects. However, I recommend appointments with career counselors at least once per semester to continue looking for internships and receiving guidance on which internships fit your skills at that moment.

CAREER GUIDANCE
The other kind of career guidance is when a student really has no idea what they want to do with their lives. This is perfectly normal. That’s why changing majors at least once is common. I did. But a career counselor can help students talk about job interests. Sometimes they can recommend courses that will help students cement or redefine career goals.

SEMINARS ON RÉSUMÉS AND INTERVIEW SKILLS
No one is born knowing how to write a résumé. Career Services offices often have seminars on interviewing, too. Students will learn how to dress professionally, answer questions, and write résumés tailored to individual positions. Knowing these basic career search skills is as important as any class students will take on campus.

MENTORSHIP OPPORTUNITIES FROM ALUMNI
Networking is not only what helps most people land jobs after graduation, but it’s also what helps students gain internship and shadow day opportunities. Shadow days are my favorite tool for career exploration. A student spends a couple of hours with a professional in his/her field and asks questions. When the professional is an alumnus, the connection can be stronger and result in even more opportunity for internships and mentoring. A mentor can guide you and answer career questions throughout your career.

The overall purpose of college is to help students find a career path that will lead to a successful, happy future—in other words, a job. It follows, then, that Career Services is the most important office on campus.
