OFFICE OF FINANCIAL AID

Federal law requires students receiving federal student aid to maintain Satisfactory Academic Progress (SAP). Satisfactory Academic Progress standards are separate from the regulations governing academic probation and suspension. For financial aid purposes, Satisfactory Academic Progress requirements at The University of Southern Mississippi apply only to those credits earned at Southern Miss. Although your last semester of attendance demonstrates significant academic progress as defined by the Southern Miss Office of Financial Aid, your cumulative grade point average remains in violation of the Satisfactory Academic Progress (SAP) policy. For this reason, you are required to explain your plan to maintain and/or improve upon your academic performance from your last semester of attendance. This form must be completed and submitted to the Office of Financial Aid to determine your future financial aid eligibility.

Please circle which semester(s) you are appealing to have your financial aid reinstated:
