Faculty and Staff Data

Welcome to the faculty and staff data dashboard. On this dashboard, users may find information relating to employees as well as data needed for annual academic reporting. Unless otherwise specified, all data on this dashboard is frozen and official data.

This dashboard can be used to help users when creating reports involving courses, QEP, program review, etc. Filters may be applied to workbooks to view data specific to certain colleges, schools, genders, ethnicities, etc.

As a reminder, USM census dates are listed below: Fall- November 1, Spring- April 1, and Summer- 10th day of class.

Scroll down to find the *Program Review* dashboard.

Click on the dashboard.

THE Degree Productivity Workbook

This workbook breaks down programs by cip code and IHL institutions. Users may find the number of students who have completed a degree within that cip code and program.

Headcount, Tenure Breakdown, & Corp. of Instruction

Users may access the Employee Census comparison workbook here. This workbook compares faculty, staff, and GA headcount and distribution. This is frozen and official data.

Undergraduate, Graduate, and Withdrawing Student Surveys (PDF)

Users may find the archive of past and current exit survey data for students at USM.

ACUE and PSOL Workbook

Faculty participation in professional development with ACUE and Promoting Successful Online Learning

HelioCampus Access Point

License permissions Required

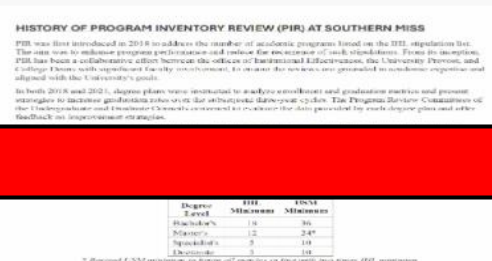

If you are one of the HelioCampus license holders for your area, you may use this link to access the dashboards and workbooks.

Phase II Review

PDF Document

Users may find Phase II degree plan inventory review.

Productivity Metrics

PDF Document

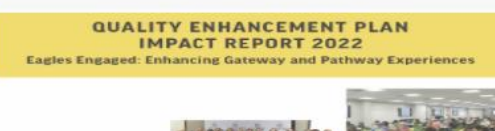

Users may review current program metrics and standards for active programs at USM.

Program Review

Three Year Program Trends

Users may access the three year program trends workbook here.

The Program Review dashboard will look like this.

Primary vs. Secondary?

Primary = Primary Credential

- The major an advisor put in first.
- Never a certificate unless the certificate is the only credential a student is obtaining.

Secondary = Secondary Credential

- The major an advisor listed second.
- Certificates typically secondary.

[illegible]

Why are graduates reported over a 3-year period?

Each program must produce a minimum number of graduates over 3-years, per IHL.

USM also has aspirational goals for 3-year graduation numbers:

Undergraduate

Majors, stand-alone minors, and certificates = 36 graduates over 3 years

Graduate

Master's level and certificates = 30 graduates over 3 years

Doctoral level = 10 graduates over 3 years
