About the Class:

This course is designed for front line leadership. Based on the book "Leading Warriors from the Backs of Giants" written by Tom Long, founder of the Tactical Officer Survival School (TOSS). The book and the class presented are based on leadership lessons learned over the course of his law enforcement career spanning 38 years as he worked his way through the ranks to become Chief of Police. Twenty six of those years was as Chief of Police over a major law enforcement agency with constant growth and changes. At the time of his retirement in January of 2016, Tom was the longest serving Chief in the state of MS. He is a graduate of the FBI National Academy, past President of the MS Tactical Officers Association and Memphis Metropolitan Association of Chiefs of Police. Tom is a recognized law enforcement expert in police firearms, pursuits, policy and procedures at the local, state, and federal court levels. This common sense approach to leadership is a course all leaders both present and future should be exposed to.
