Thank you for registering your student for Shark Fest this summer, we are excited to have them join us this upcoming season. Shark Fest is an educational day camp sponsored by The University of Southern Mississippi’s (USM) Marine Education Center (MEC). The MEC is the education and outreach extension of The University of Southern Mississippi School of Ocean Science and Engineering (SOSE).

We know your student will enjoy learning about shark biology, conservation efforts, and contributing to ongoing research at USM. Here are a few points of information that you need to know prior to your camp experience.

**COVID-19 Guidelines**
Due to the current global pandemic, we are taking precautions to keep our campers safe. Per USM guidelines camps size will be restricted to 12 participants. Face masks and social distancing are required for participation and will be enforced.

**Facility Location and Contact Information**
Shark Fest is located on USM’s Cedar Point site at 101 Sweetbay Drive, Ocean Springs, MS 39564. The facility’s phone number is (228) 818-8095 and hours of operation are 8:00 a.m. to 4:00 p.m.

**Registration**
Students are to arrive Monday morning between 7:45 a.m. to 8:00 a.m. Parents and children will gather in the MEC Conference Center for registration. The Conference Center can be accessed from the designated parking areas. Shark Fest counselors are available to answer any questions, comments, or concerns with parents and children during Monday morning sign-in.

**Tuition**
Tuition includes all instructional materials, field trip transportation, admission fees, field equipment, and a t-shirt. A $100 non-refundable pre-registration deposit is required. The deposit will be applied toward the total due. *All fees must be paid by the first day of camp; your student will not be able to participate in the program until they are paid.*

**Refund Policy**
Refunds for paid tuition balances will be made if requested in writing by fax, by email, or in person at the MEC administration office according to the schedule below. If a student is registered for a camp session and becomes unable to attend, full credit can be obtained if applied to an alternate session of Shark Fest. This refund will apply only if space is available in the Shark Fest session. Refunds in the form of a personal check may take up to eight weeks for processing. The Marine Education Center reserves the right to grant exceptions to this stated policy in certain situations.

**Time of Request: Refund/Credit for Tuition Balance**
- At least 14 days before start of the requested camp session = 100% minus $100 deposit
- 7 - 13 days before start of the requested camp session = 50% minus $100 deposit
- Less than 6 days before start of the requested camp session = No Refunds

---

1 See attached map, Conference Center is location #4.
2 See attached map, Administration Building and Exhibit Hall are location #2.
Arrival/Departure Procedures
Parents may drop off students between 7:45 a.m. - 8:00 a.m. Monday will be the only day you will need to exit your vehicle to register and sign your child in the MEC Conference Center. You will drop your student off with a Shark Fest staff member each morning at the MEC (for your child’s safety, please make sure they are signed in/out EVERY day).

When pulling into the Gulf Islands National Seashore property (via Highway 90) take the second left onto the Gulf Coast Research Laboratory Cedar Point campus via Laurel Oak Drive. Keep straight until you reach the gray MEC entrance sign (101 Sweetbay Drive); keep on the gravel path, moving at a slow speed until stopped by a staff member. The MEC driveway makes a loop, so please pull forward to drop off your students and return back out of the driveway towards campus.

Pick up is in the same location at 3:30. Please stay in your car for pick up. A staff member will be there to collect your signature.

REMIND YOUR DROP OFF FOR BOAT DAYS (WEDNESDAY) IS 7:45 a.m., PICK UP WILL BE AT 4:00 p.m.

Off-Site Transportation/Safety Policies
State owned/operated vehicles, and/or authorized automobile rentals will be utilized for scheduled field trips. Most field trips involve traveling off-campus within the coastal in-state area, by both land and sea. All vessels are Coast Guard certified and maintained.

Meals
Your student should bring a lunch and two snacks each day. Please note that lunch is NOT included as part of Shark Fest tuition. We will be outside a majority of the time so plenty of water and hydrating sports drinks are recommended. We will provide water throughout the day and A REUSABLE BOTTLE for drinks. This helps us to be responsible environmental stewards by minimizing our use of disposable plastic products.

Dress Code
T-shirts and shorts are appropriate. Please wear clothes that you do not mind getting dirty. We will be outside much of the time or in the laboratory with fish. Your student may even want to keep a spare change of clothes available during camp in case they get really wet or dirty.

Please dress modestly for camp; shorts and shirts of appropriate length should be worn at all times. Bathing suits worn under clothes are a great option to wear on boat days. One-piece bathing suits for girls and swim trunks of appropriate length for boys are recommended; all swimwear must be conservatively cut and tasteful. Shorts must be at fingertip length and no higher than mid-thigh; “short-shorts” or spandex shorts are not permitted.

The University of Southern Mississippi’s policies mandate that closed-toed shoes be worn on all University vessels and on all University field trips (NO Chaco’s or flip-flops; Crocs™ are allowed only with a heel strap). Failure to comply with this policy will result in expulsion from the trip or activity for the day.

What to Bring
Here is a list of items your student will need to bring to camp:
- Lunch
- Snacks (2)
- Fishing Rod and Tackle (Optional)
- Drinks (Water, Sports Drinks)
- Sunscreen
- Sunglasses
- Face mask
- Hat
- Insect Repellent
- Camera (Optional)
- Towel
- Change of Clothes (Optional)
- Poncho or Light Rain Gear (Optional)

**Electronics**
To ensure your student’s safety, it is vitally important they be able to clearly hear instructions given to them, particularly on boat days. We find that cell phones and iPods create a distraction that inhibits student attention. If you choose to send these devices with your student, please leave them on silent and in their bag. Please note that the USM Marine Education Center is not responsible for electronic devices that have fallen overboard or gotten wet. We require students to restrict their use of electronic devices to lunch and designated breaks only. Should you need to reach your student throughout the day, you may contact the Marine Education Center at (228) 818-8095. Excessive use of electronics will result in confiscation of the item, to be returned to the parent at the end of the day.

**Behavior**
Working with sharks, tackle, and being over water requires the full attention and complete compliance of students. Failure to comply with instructions is a safety hazard and will **NOT** be tolerated. Behavior problems will result in a call to parents, and depending on the severity of the problem, potential expulsion from camp.

**What Will My Student Be Doing?**
All activities are tentative and subject to cancellation due to weather conditions. We will have camp, rain or shine, and have a full suite of alternative activities planned in the case of inclement weather. **Please note vessel excursions are dependent on both environmental and weather conditions and/or boat maintenance.**

**Monday**
Students will begin the week with introductory lessons to shark biology and proper species identification. Hands-on laboratory activities include a shark dissection, tagging demonstration, and pier fishing. Campers will also discuss boat safety and proper shark handling for the upcoming field trip days.

**Tuesday**
Campers will board the *Miss Peetsy B* and spend the morning trawling for and identifying marsh organisms in Davis Bayou, as well as learning about estuaries and their importance to local shark species.

**Wednesday**
Camper will board the *R/V Jim Franks* and spend a full-day tag and releasing sharks in the Northern Gulf of Mexico, as well as learning how to take scientific samples to contribute to real-time research.

**Thursday**
Campers will start the morning with an education and interactive molecular biology lab. In the afternoon students will heat to the Gulfport and Mississippi Aquarium for a guided tour.

**Friday**
Campers will learn about the exciting coastal programs USM has to offer. They will then take a virtual dive to the ocean floor with the deep-sea exploration vessel, the *E/V Nautilus*. A fish fry lunch and fun afternoon with new friends will finish the day.
**Medication Storage/Administration**
Medication is not administered to a child without obtaining a parent/guardian’s signature on the required medication form. Shark Fest counselors are responsible for maintaining any medications a student may need. Tylenol/Benadryl may be administered to a child only after checking the camper’s registration form. **Parents should discuss any medication issues with counselors and/or camp coordinator during registration.**

**Medical Crisis**
Should an emergency situation arise, the coordinator or the student’s counselor will tend to the child while the parent is notified. If necessary, the child will be taken to the nearest hospital or clinic until the parent(s) arrive. If parent(s) are unable to be contacted, the counselor will then proceed down the emergency contact list until someone is notified. All staff members are CPR/AED/Basic First Aid certified by the American Academy of Orthopedic Surgeons.

**Medical Crisis Exemptions**
If your child is exempt from medical care on religious grounds you must provide the name, address, and phone number of a certified practitioner to be contacted in the event of a medical emergency. This information must be provided prior to your child’s involvement in Shark Fest.

**Reporting Child Abuse**
The staff of the USM Marine Education Center has a legal obligation to report any suspected case of child abuse or neglect in the state of Mississippi. The Mississippi State Department of Health provides guidelines on identifying abuse and neglect. Any suspected abuse or neglect will be brought to the attention of the camp coordinator immediately.

**Questions?**
If you have any questions regarding your upcoming Shark Fest, please contact the Marine Education Center (228) 818-8095 or marine.education@usm.edu.
Gulf Coast Research Laboratory
Marine Education Center
101 Sweetbay Drive
Ocean Springs, MS 39564

DIRECTIONS

From Bienville Boulevard (Hwy 90) in Ocean Springs, turn south into Gulf Islands National Seashore Park. Travel on Park Road for 1.3 miles. Make a left turn onto Laurel Oak Drive. Continue to Sweetbay Drive and enter at 101 Sweetbay Drive. There is a student drop-off/turnaround at the end of drive.

For mobile map/directions, Google Maps is recommended.

For more information, contact us at marine.education@usm.edu or 228.818.8095.
