

2022

Parent Handbook

Thank you for registering your student for r Camp this summer! We are excited to have them join us this upcoming season. All of our Adventure Camps are an educational day camp sponsored by The University of Southern Mississippi's (USM) Marine Education Center (MEC). The MEC is the education and outreach extension of USM's School of Ocean Science and Engineering (SOSE) and Gulf Coast Research Laboratory.

We know that your student will enjoy learning about our local ecosystems and gain new experiences. Here are a few points of information that you need to know prior to your camp experience.

COVID-19 Guidelines

Due to the current global pandemic, we are taking precautions to keep our campers safe. Per USM guidelines camps size will be restricted to 18 participants. Face masks and social distancing are required for participation and will be enforced.

Facility Location and Contact Information

Camp is located on USM's Cedar Point site at 101 Sweetbay Drive, Ocean Springs, MS 39564. The facility's phone number is (228) 818-8095 and hours of operation are 8:00 a.m. to 4:00 p.m.

Registration

Students are to arrive Monday morning between 7:30 a.m. to 8:00 a.m. Parents and children will gather in the MEC Conference Center for registration. The Conference Center¹ can be accessed from the designated parking areas. Camp instructors are available to answer any questions, comments, or concerns with parents and children during Monday morning sign-in.

Tuition

Tuition includes all instructional materials, field trip transportation, admission fees, field equipment, and a t-shirt. A \$100 non-refundable pre-registration deposit is required. The deposit will be applied toward the total due. ***All fees must be paid by the first day of camp; your student will not be able to participate in the program until they are paid.***

Refund Policy

Refunds for paid tuition balances will be made if requested in writing by fax, email, or in person at the MEC administration office² according to the schedule below. If a student is registered for a camp session and becomes unable to attend, full credit can be obtained if applied to an alternate Camp session. This refund will apply only if space is available in the Camp session. Refunds in the form of a personal check may take up to eight weeks for processing. The Marine Education Centers reserves the right to grant exceptions to this stated policy in certain situations.

Time of Request: Refund/Credit for Tuition Balance

- At least 14 days before start of the requested camp session = 100% minus \$50 deposit
- 7 - 13 days before start of the requested camp session = 50% minus \$50 deposit
- Less than 6 days before start of the requested camp session = No Refunds

¹ See attached map, Conference Center is location #4.

² See attached map, Administration Building and Exhibit Hall are location #2.

Arrival/Departure Procedures

DROP OFF – 7:30-8:00

PICK UP -3:30-4:00

Parents may drop off students between **7:30 a.m. - 8:00 a.m. Monday will be the only day you will need to exit your vehicle to register and sign your child in the MEC Conference Center.**

You will drop your student off with an Angler Camp counselor each morning at the MEC (*for your child's safety, please make sure they are signed in/out EVERY day*).

When pulling into the Gulf Islands National Seashore property (via Highway 90) take the second left onto the Gulf Coast Research Laboratory Cedar Point campus via Laurel Oak Drive. Keep straight until you reach the gray MEC entrance sign (101 Sweetbay Drive); keep on the gravel path, moving at a slow speed until stopped by a staff member. The MEC driveway makes a loop, so please pull forward to drop off your students and return back out of the driveway towards campus.

Please stay in your car to pick up your student(s). A staff member will be there to collect your signature. Parent/guardian(s) will then continue around on the gravel drive, back to the main road.

If you have children in multiple camps, you may drop them off and pick them up at the same time (i.e. dropping off children in Sea Camp and Angler/Shark Camp at 8:00 a.m. and pick up at 3:00 p.m.) Please contact the *Camp Coordinator* directly to inform them of your intentions. They will need to make arrangements with the educators in both camps.

Off-Site Transportation/Safety Policies

State owned/operated vehicles, and/or authorized automobile rentals will be utilized for scheduled field trips. Most field trips involve traveling off-campus within the coastal in-state area, by both land and sea. All vessels are Coast Guard certified and maintained.

Meals

Students should bring a lunch and two snacks each day. ***Please note that lunch is **NOT** included as part of Camp tuition.*** We will be outside a majority of the time so plenty of water and hydrating sports drinks are recommended. We will provide water throughout the day and each camper will receive a reusable water bottle. This helps us to be responsible environmental stewards by minimizing our use of disposable plastic products.

Dress Code

T-shirts and shorts are appropriate for your student to wear. Please wear clothes that you do not mind getting dirty. We will be outside much of the time or in the laboratory with fish. Your student may even want to keep a spare change of clothes available during camp in case they get really wet or dirty.

Please dress modestly for camp; shorts and shirts of appropriate length should be worn at all times. Bathing suits worn under clothes are a great option to wear on boat days. One-piece bathing suits for girls and swim trunks of appropriate length for boys are recommended; all swimwear must be conservatively cut and tasteful. Shorts must be at fingertip length and no higher than mid-thigh; "short-shorts" or spandex shorts are not permitted.

The University of Southern Mississippi's policies mandate that closed-toed shoes be worn on all University vessels and on all University field trips (NO Chaco's or flip-flops; Crocs™ are

allowed only with a heel strap). Failure to comply with this policy will result in expulsion from the trip or activity for the day.

What to Bring

Here is a list of items your student will need to bring to camp:

- Lunch
- Snacks (2)
- Drinks (We will provide water and a reusable water bottle)
- Sunscreen
- Sunglasses
- Face Mask
- Hat
- Insect Repellent
- Camera (Optional)
- Towel
- Change of Clothes (Optional)
- Poncho or Light Rain Gear (Optional)

Electronics

To ensure your student's safety, it is vitally important they be able to clearly hear instructions given to them, particularly on boat days. We find that cell phones and iPods create a distraction that inhibits student attention. If you choose to send these devices with your student, please leave them on silent and in their bag.

Please note that the USM Marine Education Center is not responsible for electronic devices that have fallen overboard or gotten wet at the beach. We require that students restrict their use of electronic devices to lunch and designated breaks only. Should you need to reach your student throughout the day, you may contact the Marine Education Center at (228) 818-8095. Excessive use of electronics will result in confiscation of the item, to be returned to the parent at the end of the day.

Behavior

Working with fish, tackle, sharks and being over water requires the full attention and complete compliance of students. Failure to comply with instructions is a safety hazard and will **NOT** be tolerated. Behavior problems will result in a call to parents, and depending on the severity of the problem, potential expulsion from camp.

Medication Storage/Administration

Medication is not administered to a child without obtaining a parent/guardian's signature on the required medication form. Angler Camp counselors are responsible for maintaining any medications a student may need. Tylenol/Benadryl may be administered to a child only after checking the camper's registration form. ***Parents should discuss any medication issues with counselors and/or Camp Coordinator during registration.***

Medical Crisis

Should an emergency situation arise, the coordinator or the student's counselor will tend to the child while the parent is notified. If necessary, the child will be taken to the nearest hospital or clinic until the parent(s) arrive. If parent(s) are unable to be contacted, the counselor will then proceed down the emergency contact list until someone is notified. All staff members are CPR/AED/Basic First Aid certified by the American Academy of Orthopedic Surgeons.

Medical Crisis Exemptions

If your child is exempt from medical care on religious grounds you must provide the name, address, and phone number of a certified practitioner to be contacted in the event of a medical emergency. This information must be provided prior to your child's involvement in Angler Camp.

Reporting Child Abuse

The staff of the USM Marine Education Center has a legal obligation to report any suspected case of child abuse or neglect in the state of Mississippi. The Mississippi State Department of Health provides guidelines on identifying abuse and neglect. Any suspected abuse or neglect will be brought to the attention of the camp coordinator immediately.

Questions?

If you have any questions regarding your upcoming Angler Camp, please contact the Marine Education Center (228) 818-8095 or { HYPERLINK "mailto:marine.education@usm.edu?subject=MEC" }.

2022

Shark Fest Information

What Will My Student Be Doing?

All activities are tentative and subject to cancellation due to weather conditions. We will have camp, rain or shine, and have a full suite of alternative activities planned in the case of inclement weather. **All vessel excursions are dependent on both environmental and weather conditions and/or boat maintenance.** To ensure your child has the opportunity to fish, we have two boat days into the Shark Fest itinerary. **In the event that all boat days are cancelled, you will receive a \$75 refund on your Shark Fest tuition.**

Monday

Students will begin the week with introductory lessons about USM CFRDs role in shark research in the Gulf of Mexico. The students will participate in a hand-on tagging demonstration and an intro to shark biology and proper species identification. Campers will also discuss boat safety and proper shark handling for the upcoming field trip days.

Tuesday

Campers will board the *Miss Peetsy B* and spend the morning trawling for and identifying marsh organisms in Davis Bayou, as well as learning about estuaries and their importance to local shark species. The students will make a handline to use in the field later in the week. In the afternoon the students will dissect sharks and learn about their senses.

Wednesday

In the morning the campers will put their shark knowledge to the test and identify preserved shark specimens using an identification key created by the CFRD. In the afternoon the students will kayak in the estuary.

Thursday

Camper will board the *R/V Jim Franks* and spend a full-day tag and releasing sharks in the Northern Gulf of Mexico, as well as learning how to take scientific samples to contribute to real-time research.

Friday

Campers will learn about the exciting coastal programs USM has to offer. CFRD will present its shark research and the campers will hear from a representative from the Florida shark attack files.

2022

Island Adventure Information

What Will My Student Be Doing?

All activities are tentative and subject to weather conditions. We will have camp, rain or shine, and have a full suite of alternative activities planned in the case of inclement weather. **Vessel excursions are dependent on both weather and environmental conditions and/or boat maintenance.** To ensure your child has the opportunity to visit the island, we have built many boat days into the Island Camp itinerary.

Tuesday

Students will begin camp with introductory lessons about barrier island ecology. They will hear from the Mississippi Department of Marine Resources, and the National Parks service.

Wednesday

The campers will travel to Cat Island aboard the RV Jim Franks and learn about the island's unique ecosystem.

Thursday

The students will take the Ship Island Ferry to the island. The National Parks service will facilitate a historic tour of the fort. The rest of the day will be spent learning about the Islands features.

Friday

As we finish up the week, students will spend time on Deer Island aboard the Miss Peetsy B. Wrap-up and goodbyes!

2022

Angler Camp Information

What Will My Student Be Doing?

All activities are tentative and subject to weather conditions. We will have camp, rain or shine, and have a full suite of alternative activities planned in the case of inclement weather. **Vessel excursions are dependent on both weather and environmental conditions and/or boat maintenance.** To ensure your child has the opportunity to fish, we have built two boat days into the Angler Camp itinerary.

Monday

Students will begin camp with introductory lessons to local species, ichthyology conservation, and fishing techniques. The afternoon will be spent dissecting fish.

Tuesday

Campers will pull a trawl and fish in Davis Bayou in the morning. Knot tying lessons and how to catch bait will be practiced in the afternoon.

Wednesday

Campers will spend the morning shore fishing from East Beach in Ocean Springs. The afternoon will be spent learning pier fishing skills from the Howard Avenue Pier.

Thursday

Students will board a charter boat and fish for local species around the Mississippi Barrier Islands.

Friday

As we finish up the week, students will spend time on Davis Bayou fishing and kayaking in the estuary. A fish fry and filleting demonstration will be setup on campus if applicable that afternoon. Wrap-up and goodbyes!

MARINE EDUCATION CENTER AT THE UNIVERSITY OF SOUTHERN MISSISSIPPI

Gulf Coast Research Laboratory
Marine Education Center
101 Sweetbay Drive
Ocean Springs, MS 39564

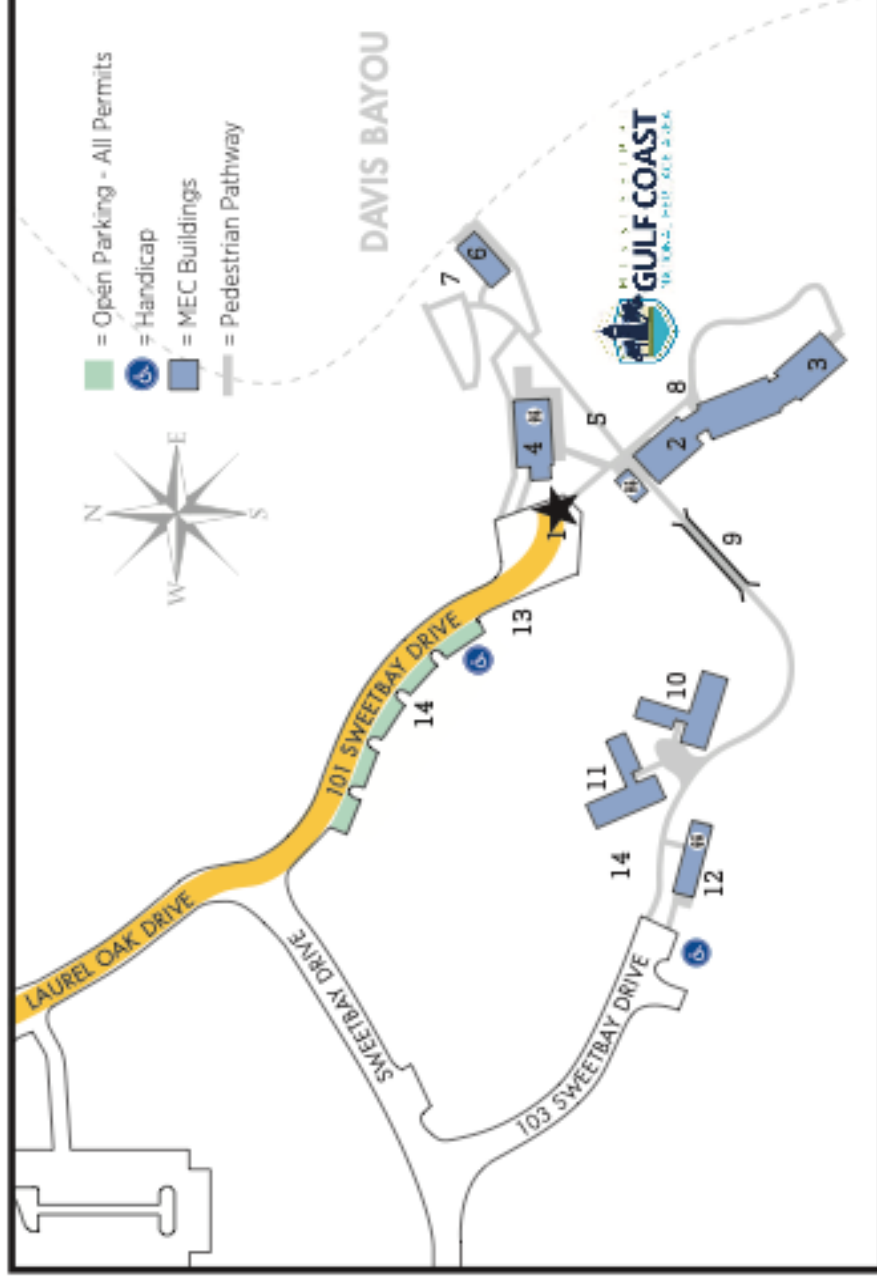

DIRECTIONS

From Bienville Boulevard (Hwy 90) in Ocean Springs, turn south into Gulf Islands National Seashore Park. Travel on Park Road for 1.3 miles. Make a left turn onto Laurel Oak Drive. Continue to Sweetbay Drive and enter at 101 Sweetbay Drive. There is a student drop-off/turnaround at the end of drive.

For mobile map/directions, Google Maps is recommended.

For more information, contact us at marine.education@usm.edu or 228.818.8095.
