## THERE'S A MARINE BIOLOGIST IN MY CLASSROOM

Let us bring the world of dolphins and sharks to your classroom. Our marine educators pack up their artifacts, equipment and specimens, and deliver a hands-on learning experience, where every student feels like a marine biologist. Select one or all of these 45-minute sessions.

### Dolphins

- Dolphins of the world
- Dolphin anatomy and physiology
- Echolocation and adaptation
- Dolphin behavior

### Sturgeon

- Sturgeon in the watershed
- Surging sturgeon migration
- Sturgeon habitat survey
- Sturgeon and stewardship

### Sharks

- Shark anatomy and dissection
- Sharks and their role as apex predators
- Global conservation measures for shark populations
- Shark tagging and recapture data - What do we learn?

*Minimum group size - 30 | Price starts at \$12 per person*
