@ @USM_LSI

The Office of Leadership and Student Involvement provides valuable co-curricular experiences that exist to foster student growth and development while creating pathways for students to engage in their community. The office is home to over 200 student organizations, the Southern Miss Activities Council (SMAC) programming board and the Student Government Association (SGA). Located in the Student Activities Hub, the office space is a central hangout spot for all students. Stop by to find out ways you can get involved on campus!

POINTS TO REMEMBER

- Involvement in college is a predictor of success! Students who are involved outside of the classroom tend to perform better academically and feel more connected to campus. Highly engaged students are more invested, which means they are more likely to come back to school each semester than less engaged students.
- Whether it's attending a free outdoor concert event put on by SMAC, becoming a senator for the Student Government Association, or visiting with a Student Involvement Ambassador in the office, involvement comes in many shapes and sizes!
- Throughout the year, the office hosts various leadership development workshops and events for students, as well as student involvement fairs at the beginning of each semester. Be sure to follow us on social media so you don't miss out!

Ask Your Student

- How are you adjusting to your new schedule this semester?
