

THE UNIVERSITY OF
SOUTHERN MISSISSIPPI

4 August 2026

Addendum 1 for RFP 27-09

This addendum answers questions submitted by potential respondents. The University's answers are shown in **RED**.

Amber Floyd

Buyer, Procurement, and Contract Services

- Could you please confirm whether a prime bidder may satisfy specialized airborne acquisition, professional surveying, equipment, and relevant project-experience requirements through named subcontractors or teaming partners, or whether those qualifications and assets must be held directly by the prime bidder?
 - If the prime bidder meets the specifications, they should respond to the bid.
- Could you provide shape files of the AOI?
 - Please send the attached MS Coast 2026 LIDAR KMZ file (which serves as a “shape” file) to anyone who may be interested. Please note that as described in the USM bid announcement, LiDAR and multispectral image data must be acquired simultaneously from the same aircraft.
