Amber Floyd

Buyer, Procurement, and Contract Services

Can you let us know where the boat will be used (protected waters or in the Gulf)?

The boat will only be used in the protected waters of the Mississippi Sound

Please confirm if the specifications quoted are exact or if the Length can be w/i a few inches of this dimension Length 26' 3" (approx. 28' 5" LOA with motor bracket) Beam 8' 6".

No issues with the length not being the exact length within a few inches if the vessel can meet the requirements detailed in the specifications.

Are you open delivery dates that are greater than 8 months?

We would like the vessel delivered ASAP to meet the specifications, and we did not specify a required delivery date. However, the specifications required that all vendors quote the lead time required for delivery of the boat.
