## ABOUT THE PROGRAM

The Leadership Experience Program provides students with a comprehensive, hands-on learning experience that focuses on leadership theory, practice, and development. Participants will have opportunities too earn about leadership foundational theories and their day-to-day application, explore social responsibility and citizenship, develop a personal leadership philosophy and vision for continued development as a leader. Successful completion of the program will result in an official notation on your Southern Miss transcript and the receipt of a certificate signed by the University president and provost.
