Symposium Transportation for Mississippi's Sustainable Economic Growth

June 27 (9:00 am - 5:00 pm) 2022

The Mississippi Transportation Technology and Trade Training Center (M-T2T) will host its annual symposium on June 27th at the Mississippi State University in Starkville, Mississippi.

This symposium will feature keynote speakers for research and planning Mississippi's transportation system while addressing trends and opportunities.

The symposium will focus on transportation, logistics, and trade. Attendees will have the opportunity to learn about the latest transportation technology, logistics, and trade issues. The symposium will also provide networking opportunities for students, researchers, and industry professionals.

Location: Mississippi State University, Starkville, Mississippi.

Time: June 27, 2022 from 9:00 am to 5:00 pm.

Program Outline:
- Keynote Speakers: National and Local Experts
- Panels: Transportation, Logistics, and Trade
- Workshops: Interactive sessions on the latest trends
- Networking Opportunities
