War and Society Reading List, 1500—Present

Drs. Michael S. Neiberg, Andrew A. Wiest, & Kyle F. Zelner

NOTE: In addition to the titles here, students should familiarize themselves with the important journals in the field, especially The Journal of Military History and War & Society, in addition to relevant articles in more general history journals.

* designates a classic, essential work required of all graduate students taking the War and Society field. (54 total)
