The following question was submitted by a vendor in regards to RFP 16-24 Oracle Maintenance and PeopleSoft Application Maintenance:

1 With regard to Section 6.4, Mandatory and Optional Provisions in Detailed Specifications and Requirements of this RFP, it states that "All items in the technical specifications of this RFP are MANDATORY. Vendors are specifically disallowed from taking exception to these mandatory requirements, and proposals that do not meet all mandatory requirements are subject to immediate disqualification, at the sole discretion of the University." --- Please ask the customer to identify all of the sections of the RFP which contain the mandatory technical specifications.

USM Response: Appendix C includes all of the mandatory technical specifications. However, there are other non-technical requirements listed throughout the entire RFP that require Vendor response and are noted with the statement “Vendor Response Required.”
