USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION WITHOUT AUTHORIZATION

The law permits the U.S.M. Speech-Language-Audiology Clinic to use or disclose your health information without your written consent or authorization for the following purposes:

Treatment: We may use health information about you to provide treatment and services. This may include disclosing your health information to clinicians, supervisors, or administrators of the USM Speech-Language-Audiology Clinic who are involved in your treatment. Similarly, your health information may be shared with faculty supervisors providing emergency backup coverage to the Clinic.

Clinic Operations: We may use your health information for the purposes of Clinic operations. For example, your records will be reviewed by the Clinic Director in order to make sure that the Clinic is the best place for you to receive treatment. In addition, your records may be reviewed by the Clinic Coordinator to assess the quality of services you receive and to ensure that your record is properly maintained.

Contacting you: We may contact you to remind you of an appointment, reschedule a missed appointment, provide information about new services that may be of interest to you, or assess satisfaction with ongoing treatment.

Other Circumstances: In addition, we may use or disclose your health information for the following purposes without your consent or authorization:

- As required or permitted by law (e.g., cooperation with law enforcement, court officials, or government agencies)
- For health oversight activities (e.g., investigations, inspections, accreditation, licensure, etc.)
- To avoid serious threat to health or safety.
- As authorized by worker’s compensation laws or similar programs that provide benefits for work-related injuries or illness.
