INTRODUCTION

University Human Resources at The University of Southern Mississippi created this booklet as a way to inform you of all of the benefits available to you as an employee. The information contained in this booklet is subject to change, without notice, at any time and is not meant to serve as a master policy/contract or a guarantee of benefits. The booklet will be updated as needed, based on changes in our benefits. Please use this information to determine which benefits you are interested in as a new employee. Current employees can also use this information to determine if they would like to make changes during Open Enrollment or have cause to make changes throughout the year based on a life status change.

You will find the names and numbers of individuals you can contact with questions regarding your benefits at the back of this booklet. We are pleased to have you whether you are considering joining the Southern Miss community or have been with us for awhile!
RETIREMENT

Public Employees’ Retirement System (PERS)

Membership: Mandatory
- If you are employed 20 hours or more per week or 80 hours per month, membership in the retirement system is mandatory
- If you are currently a member of PERS with another organization

Contribution Requirements (before tax):
- Employee – 9.00%
- University – 15.75%

Eligibility: Four ways to retire
- Age 60 (as long as vested)
  *hired June 30, 2007 or earlier---4 year vesting period
  *hired July 1, 2007 or later---8 year vesting period
- Appropriate years of service, regardless of age
  *hired June 30, 2011 or earlier---25 years of service
  *hired July 1, 2011 or later---30 years of service
- If you become disabled before age 60 and are vested
- Or from the first day of a work-related disability

Options on leaving University:
- Refund of Contribution (You may withdraw your funds when you leave the university; however, you will receive only your contributions and interest on your contributions less 20% taxes and a 10% early withdrawal penalty)
- Rollover (Move your money directly to another qualified retirement account)
- Leave Contribution with PERS (You may leave your contribution with PERS in anticipation of returning to covered employment. If you go to work for another state agency – you must leave your money in PERS until retirement)
Optional Retirement Program (ORP)

Eligibility:
- Teaching Faculty
- Administrative Faculty
- Coaches
- Librarians with Academic Rank
- Administrative Directors of Recognized Departments
- Research Scientist
- Post Doctoral Fellows

Vendors:
- VOYA (Formally ING Financial Services)
- TIAA-CREF
- VALIC

Type of Plan:
- Defined Contribution

Contribution:
- Employee – 9.00%
- University – 15.75% (13.12% to individual’s fund & 2.63% goes to PERS to fund the unfunded accrued liability and is never a benefit to the employee)

Vested:
- Immediate – no vesting requirement

Options on Leaving University:
- Portable

Time Frame:
- 30 days to make a decision
- If no decision is made, PERS will automatically take effect
- Decision is irrevocable
Optional Retirement Plan (ORP) Versus Public Employees' Retirement System (PERS)

As an employee eligible to participate in the Optional Retirement Plan (ORP) for the Institutions of Higher Learning (IHL), you will be asked to decide within your first (30) thirty days of employment if you wish to participate in the ORP or in the Public Employees’ Retirement System (PERS). If you do not decide which plan to join within 30 days, you will automatically be enrolled in PERS effective from your date of employment. Mississippi law requires all full-time employees of IHL to be members of PERS, but does offer new teachers and administrative facility an opportunity to select an optional retirement plan within 30 days of employment. Keep in mind that this is an irrevocable decision.

Prior to July 1, 1990, all IHL employees were covered under PERS; however, in the 1990 Legislative session, the IHL was instrumental in getting House Bill 1070 passed which made the ORP available. There are several differences in ORP and PERS benefits based on the fact that the ORP is a defined contribution plan, and PERS is a defined benefit plan. This makes comparison extremely difficult. With ORP, your contribution is 9.00% and the employer contributes 15.75% (13.12% to individuals fund and 2.63% goes to PERS to fund the unfunded accrued liability and is never a benefit to the employee). With PERS your contribution is 9.00% of wages, and the employer contributes 15.26%. If you elect to participate in the ORP, your retirement benefits will be determined by the amount of cash value you have at the time of retirement with which to purchase an annuity. PERS benefits are based upon the benefit formula, years of service and the average of your four highest years of compensation. Each of these plans has advantages and disadvantages, which are discussed below in order to better inform you of your choice. Remember that you must act within 30 days of employment. If you take no action, you will automatically become a member of PERS.

If you choose to enroll in the ORP, your member account will consist of your contributions of 9.00% and employer contributions of 15.75% (13.12% to individuals fund and 2.63% goes to PERS to fund the unfunded accrued liability and is never a benefit to the employee). Your account will be 100% vested. If you relocate to another state, which has a similar plan, you may be eligible to transfer your account balance to your new employer’s plan. The unfunded accrued liability portion remains with PERS and will never be of benefit to you. If you resign or discontinue teaching, then you may draw retirement benefits immediately. You choose the investment vehicles in which your contributions are deposited and can make limited transfers of your account based on your annuity contract with the vendors. Plan contributions are a liability of the company with which you invest and are not subject to attachment.

The PERS benefits are payable if 1) you are age 60 and vested in the system, or 2) you have accumulated the required years of service credit, regardless of age. Benefits are based on the average of your (4) four highest years’ salary. The retirement calculation is 2.0% for each year through 25 or 30 years (based upon hire date), and 2.50% for each year in excess of 25 or 30 years (based upon hire date.)

PERS has several additional provisions which allow for (1) disability income if you are vested in the system; (2) death or disability benefits in the line of duty without vesting requirements; (3) survivor/dependent child income protection if you are vested in the system; (4) service credit for unused personal leave; and (5) military service credit. PERS also provides an annual benefit adjustment (or 13th check) each year after the member has been retired one full fiscal year and periodically the Legislature provides an across-the-board-increase in retirement benefits. If you terminate as a member of PERS you may elect to receive a refund of your contributions with interest; however, you cannot receive any of the employer contributions.

*This means that if a person has recently begun participating in the ORP and has a small account balance, benefits are based solely on the value of the account with no minimum guarantee.
Supplemental Retirement

Employees of The University of Southern Mississippi are offered certain tax advantages in that part of the gross compensation may be excluded from current income taxes when used to purchase an annuity for additional retirement benefits under the provisions of Section 403(b) of the Internal Revenue Code. Invested moneys will be taxed at the time the annuity matures and payment is made to the individual. This could result in considerable tax savings to the individual.

The University of Southern Mississippi also offers the Roth 403(b) as an option to have post-tax earnings deducted for supplemental retirement savings. The earnings from these accounts are allowed to accumulate on a tax free basis as long as proper methods are followed for withdrawals. The contributions limits for Roth 403(b) accounts are the same as the traditional (pre-tax) 403(b). An employee can choose to contribute to both a post-tax Roth 403(b) account and a pre-tax 403(b) account. However, the combined amounts withheld cannot exceed the IRS calendar year contribution limit.

Employees interested in the supplemental retirement opportunities should secure competent advice from a representative approved by the University to market annuities on campus. Salary deductions may be authorized for the purchase of annuities, but the University does no contribute to the purchase. The following is a list of approved companies.

The University is not recommending any particular vendor or investment and is not accountable for losses you may incur as a result of your investment choice.

The elective deferral contribution limit for employees who participate in a 403(b) and a 457 plan is $18,500 effective January 1, 2018. An employee can make maximum contributions to each plan if they choose.
CAFETERIA PLAN – IRS SECTION 125

The University of Southern Mississippi offers a pre-tax program called a cafeteria plan that is permitted under Section 125 of the Internal Revenue Service Code. It is referred to as a cafeteria plan because the employee may select from a variety of benefits available. This program allows certain benefits to be paid with before-tax dollars rather than with after tax dollars, increasing the amount of take-home pay and lowering tax liability.

The program does not affect the state retirement contributions nor in any way changes benefits available to the employee when they retire. However, the employee may incur a slightly reduced social security benefit at the time of retirement. But research shows that the resulting difference in social security benefits at retirement is insignificant, especially when compared with the savings available during employee careers.

Once you select a benefit in the Cafeteria Plan, you must stay in the plan until Open Enrollment, which is in October of each year with an effective date of January 1st unless you have a qualifying life event change such as:

- Marriage
- Death of a spouse or dependent child
- Termination of employment of spouse
- Divorce
- Birth or adoption of a child
- Leave of absence without pay

What is it? Section 125 allows certain benefits to be deducted prior to taxes being calculated.

Result: More take home pay

State Health Insurance Plan

Legacy Employees: Any employee hired who has ever been employed by any State of Mississippi agency such as a community/junior college, public library, public school district, other State agency or university on a full time basis before January 1, 2006.

Horizon Employee: Any employees initially hired by any State agency on or after January 1, 2006.

Premium Payment: Premiums for health insurance coverage are payable one month in advance of the coverage period. Those employees electing spousal and/or dependent coverage should note that as of their hire date premiums are in arrears by either a full or half month’s premium. If hired on or after the 15th of the month, a full month’s premium is in arrears, and for hire dates after the 15th of the month a half month’s premium arrears. Payment will come out of the first paycheck.

Well-Child Care: Plan pays 100% of allowable charge of six well-child care physician office visits from birth to age two. The benefit is subject to the yearly deductible and you MUST use a network provider.

- Some of the benefits offered are diagnosis of skin cancer, anesthesia, reconstructive surgery, experimental treatment, blood/plasma/platelets, attending physician, private nurse, inpatient medication, prosthesis/artificial limb, hospice, ambulance, transportation, or lodging.

- There are no lifetime limits in any areas.

- Employee pays all premiums.

- The policy includes a $100 a year wellness benefit that pays for annual cancer screening test such as PSA, PAP, mammogram, colonoscopy, chest x-ray, etc.

- The plan carries a $5,000 initial diagnosis rider which means that if a covered individual is diagnosed with cancer, Colonial will send them a check for $5,000 for immediate expenses.

- Also, if an employee becomes disabled due to cancer for longer than three continuous months, the employee’s premium is waived.
Medical Reimbursement Plan

The United States congress created code Section 125 as part of the Revenue Act of 1978 to make benefits ore affordable for employees. The Medical Reimbursement Plan is a result of that law. The plan is designed to allow an employee to set aside pre-taxed dollars to cover out-of-pocket medical expenses, not paid by group health insurance benefits that occur during the plan year. The employee elects to have a specific number of pre-tax dollars deducted from the paycheck each period. These dollars are contributed to a reimbursement account and subtracted from the gross earnings before taxes are taken out. The maximum annual election amount is $2,600. To comply with the IRS requirements, the employee may only make a change in elections at the beginning of each year. The plan is administered through Southern Administrators and Benefit Consultants, Inc.

Plan Year: January 1st through December 31st  
(grace period through March 15th of the following year)

Effective Date: 1st of the month after hire date (i.e., hired 3/1/18 effective 4/1/18)

Purpose: To set aside dollars to cover out-of-pocket medical expenses not paid by group health such as dental, eye, deductibles, and amounts in excess of usual, customary and reasonable charges.

Benefits: Paid with Un-Taxed Dollars!

This is equivalent to taking an itemized deduction on your Tax return – but realizing the tax benefit on your paycheck.

Caveat: Be Conservative, if you don’t use it, you lose it.

Annual Limit: $2,600 per year

Annual Enrollment: October of each year (does not automatically roll-over)
Dependent Child Care Reimbursement Plan

The Dependent Child Care Reimbursement plan is designed to allow an employee to elect to have a specified number of pre-tax dollars deducted from your pay check each pay period. These dollars are then contributed to a reimbursement account. The employee submits a receipt for a qualified dependent care expense and is reimbursed from that account. The Internal Revenue Service has set the maximum allowable contributions for a dependent care reimbursement plan at $5,000 per family for a married couple filing jointly or a single parent filing head of household. Any monies not recovered are retained by the state. Once enrolled, changes in the election can only be made at the beginning of each plan year. The plan is administered through Southern Administrators and Benefit Consultants, Inc.

Except for nine-month faculty, the first eight (8) hours of absence due to illness will be charged to personal leave. Absence requiring routine visits to a doctor’s office or hospital for treatment of a chronic illness, in excess of eight (8), will be charged directly to major medical leave. These do not have to be consecutive days. Nonconsecutive days should be noted on the monthly time sheets.

Major medical leave may be used for absences due to illness of the employee’s immediate family after the first eight (8) hours is charged as personal leave. The requirement for eight (8) hours of personal leave is waived for nine-month faculty. The immediate family is defined as spouse, parent, step-parent, sibling, child, step-child, grandchild, grandparent, son- or daughter-in-law, mother-or father-in-law, or brother-or sister-in-law. For each absence due to illness of thirty-two (32) consecutive working hours (combined personal leave and major medical leave), major medical leave shall be authorized only when certified by the attending physician.

Faculty may be paid for up to 240 hours of major medical leave upon retirement when they meet PERS retirement rules. All employees may use unused leave to earn additional retirement credit if they are members of the state retirement system (PERS).

Personal Leave

Regular 12-month staff/12 month faculty employees are entitled to personal leave benefits beginning on their first effective day of employment with the University. Part-time employees accrue on a pro-rate basis depending on the number of hours worked.

Nine-month faculty earns only major medical leave, not personal leave.

ADDITIONAL INFORMATION

Faculty / Staff Academic Policy

A full time employee may take up to six (6) semester hours per term, but only one course may be taken during normal working hours. Employees taking week-long intensive courses must take annual leave while they are away from the office taking these courses. All part-time University employees on University benefits are eligible for one-half benefit up to three semester hours. Part-time employees will not be eligible to take their free course during their normal work schedule. All employees must maintain a 2.0 GPA.

Unmarried dependent children of benefit eligible employees and retirees are allowed to enroll as undergraduates at ½ tuition as long as at least ½ of a full course load is attempted.

The Payne Center

The Payne Center offers a variety of fitness and recreational programs in a 133,000 square foot, fully air-conditioned building. The facility includes a swimming pool, fitness center with free weights and strength resistance equipment, aerobics, indoor volleyball, basketball, squash, racquetball courts and locker rooms. Membership fees can be paid by payroll deduction. For more information call the Payne Center at 266-5405.

USM Credit Union

Employees of the University and their families may join the Credit Union; the membership fee is $10. Services include checking accounts, saving accounts with dividend paid quarterly and loans available to member upon approval of the Credit Committee. Other services are also available. The Credit Union is located at 3318 Hardy Street. The telephone number is 601-450-4114.
Jury Duty and Elections

Jury Duty is recognized as a civic responsibility. A regular employee who is called for jury duty or summoned to appear as a witness on the behalf of any town, city, county, state or federal government shall be granted special leave with pay. The employee may retain the payment granted to an employee for serving on a jury. Special leave is not granted for court attendance when the employee is the defendant or is engaged in personal litigation.

Most employees live or work close enough to the polls to vote before or after working hours. Should this not be possible, the employee may have time off to vote in the county, state, or federal elections with the prior approval of his or her immediate supervisor.

Probationary Period

All staff employees are required to serve on a probationary basis, which consists of ninety (90) days of employment. If the employee’s performance is not acceptable, they may be terminated without the normal 2 weeks notice. The AVP of Human Resources is authorized to extend the ninety- (90) day probationary period up to (180) days upon the recommendation of the department manager.

An employee successfully completing the 90-day period remains employed at-will, but is entitled to two weeks notification prior to termination or dismissal.
