Customer Satisfaction Survey - Fall 2015

Q17 Comments:

Answered: 51 Skipped: 81

#	Responses	Date
1	Landscaping looks horrible! How difficult would it be to plant some flowers and mulch the gardens? The foliage on the USM hattiesburg campus looks absolutely terrible. I am very dissatisfied! Please fertilize the grass also. The agora and liberal arts building are not very satisfying walk by or around. There are self watering hoses in places with no trees or plants that students constantly walk over. We would like to have a pleasant atmosphere while walking through campus, instead of ground which is mostly dirt with little sprouts of grass in the middle of a new brick walkway (baptist student union area.) I constantly see workers driving around to buildings but I can honestly say I have never since my time at USM witnessed a single worker taking care of landscape. We the students of USM would greatly appreciate some beautiful spring flowers. Sincerely, All of students	4/21/2016 11:10 PM
2	The pride of this unusual and special campus shines with the Physical Plant staff ... friendly, willing and accessible!	12/14/2015 10:59 AM
3	I do not actually place a work order with physical plant but I have witnessed the professionalism and friendliness of its staff. We are informed when things happen in our building that will affect us and we always have a fantastic response time. We appreciate the work of Physical Plant very much.	12/11/2015 10:56 AM
4	love the landscaping. southern miss campus is beautiful and impressive	12/11/2015 1:49 AM
5	Grounds went from beautiful to pitiful very quickly. Overall building maintenance and repair is the absolute worst I have ever seen. Paint jobs are sloppy, repairs are half-done, and "maintenance" has no attention to detail. The flooring in Scianna Hall has already been ruined by putting a sealing coat over it without even sweeping the floors. There is hair and dirt sealed on the floors in a building less than a year old.	12/10/2015 7:55 PM
6	It's not that Physical Plant or some of their workers do not provide quality work or professionalism because they do; but it would be nice to be informed about projects going on YOUR building that effect you and others. It would also be nice to given a update as to whether your request was completed or if it cannot be completed. Feedback is essential.	12/10/2015 12:29 PM
7	The kitchen floor in the Honor House has not been cleaned in years. It's filthy.	12/10/2015 10:48 AM
8	The physical plant does a great job! They respond quickly to all of the work requests I have put in, and are always very professional and nice. I even worked with a few that got called out after hours, and they still are very courteous and work diligently!	12/10/2015 10:35 AM
9	we consistently have issues with our HVAC system and it just seems to be a vicious cycle with nothing substantial ever happening. It is beyond frustrating to us. It is also fiscally irresponsible to not correct the situation. I know we are in one of the OLDEST buildings, but the upstairs unit is 5 years old and hasn't worked properly since it was installed so obviously there is an issue that might be under warranty with that one.	12/10/2015 10:28 AM
10	We have had a lot of trouble with regard to maintaining temperatures in the Honor House; while PP is very accommodating with regard to coming out, it is frustrating (not to mention inefficient) to have to call them almost daily. As to grounds, while I recognize we are sort of "off the beaten path," I do feel like our walkways, shrubs, and plantings are not well maintained. I also want to mention the cost of many PP services, which appear to be very high. We have taken to doing much stuff ourselves (patching holes in walls, hanging pictures) just because the costs are so high.	12/10/2015 9:00 AM
11	Custodial services are very disappointing. Rare dusting. Never sweeps/mops. Frequent knocking things over/off the wall/bulletin boards. Uncomfortable that it seems like my trash was gone through--custodial service left a note they took something out of it that I threw away.	12/10/2015 8:13 AM
12	We can't control the temperature in offices.	12/9/2015 5:00 PM
13	My dissatisfaction with the HVAC in our building has nothing to do with PP. The building is old and the chiller system doesn't regulate well. PP does a great job!	12/9/2015 2:08 PM
14	Keep up the good work!	12/9/2015 12:08 PM
15	Southern Hall elevator needs maintenance more often than it's getting. It not merely frightens riders when it reaches the third floor; the noise disturbs nearby classes.	12/9/2015 11:55 AM
16	The staff, no matter which branch of the Physical Plant, are always helpful, courteous and friendly.	12/9/2015 11:46 AM
17	In general, there does not seem to be enough custodial staff to take care of the workload, even when all are present. Then when someone is out, the situation worsens. Temporary workers who are unfamiliar with the building are often not effective. Paper towel & toilet tissue dispensers can be left unfilled; trash is not always emptied, etc.	12/8/2015 3:27 PM

Customer Satisfaction Survey - Fall 2015

18	Workers are courteous, response is quick and accurate. Only complaint is work order submission online sometimes doesn't work so must call office.	12/8/2015 1:42 PM
19	Y'all are the hardest working people on campus - keep it up! Thank you Alan Thompson	12/7/2015 12:02 PM
20	We are told that we are not allowed to submit a work order. The rest rooms in JB George need to be cleaned, upgraded and toilets, sinks and faucets replaced. The main women's rest room on first floor has children size toilets. Not acceptable. The second floor rest room water runs constantly because the faucets are so old they no longer turn off. The water often runs brown in this building. The elevator is filthy and needs to be cleaned, painted, and a new floor. Ceiling tiles are missing in the hallways and have been for years! The wallpaper in the front lobby is old, outdated, and peeling off the wall. It needs to be replaced. All corners and edges of the floors are caked with dirt all through the building.	12/5/2015 12:47 PM
21	the cleaning staff that we have this semester sucks she never mops leaves the toilet paper in a stack for us to load in the dispensers and we haven't had paper towels no matter how many times we ask	12/4/2015 6:37 PM
22	I wish there could be more general maintenance of landscaping. Behind LAB, for example, the plants need mulch like crazy.	12/4/2015 1:23 PM
23	I wish the restrooms were kept clean more often in the Walker Science Building.	12/4/2015 11:22 AM
24	N/A	12/4/2015 11:04 AM
25	I think that the physical plant's response time & efficiency has improved tremendously since the former director (J. Bigelow) was let go. The GP campus is looking better than ever!	12/4/2015 10:40 AM
26	I work in the USM Writing Center and the men who come in occasionally when we place a work order in, are very friendly!	12/3/2015 2:44 PM
27	If I'm being honest, I don't even know what the physical plant is.	12/3/2015 1:56 PM
28	Recycling practices continue to not align with university policy in multiple buildings, including my own school's building.	12/3/2015 1:00 PM
29	I checked N/A on work requests since I don't place them myself. I'm happy with HVAC service personnel, but the unit on my side of the hall makes some people cold & some hot. The ambient temperature in my personal office ranges from 76-82 degrees, winter or summer (I'm not exaggerating, & I used a good thermometer). After the last service visit, my office was 72-74 degrees for a few days, then went back to hot. Maybe the unit cools the rooms closer to it better than mine, at the other end of the hall. The service guys say the air temp at my vent is good (sometimes not), but that doesn't mean there's ENOUGH cool air coming out of it. However, if the blower or ducts cause low air flow, my office should be inadequately heated just like it's inadequately cooled -- but's 77 degrees in here right now, with the heat on. I once overheard a "coldy" whose office is on the same unit as mine, say she found a way to adjust the thermostat herself. If so, that may be the problem.	12/3/2015 12:56 PM
30	I think that Dr. Crenshaw has done an AMAZING job with all of the on-campus building projects, the tornado, etc., etc., and Dave Bounds is also extremely accessible and excellent at his job. Please send my congratulations to both of them!	12/2/2015 3:20 PM
31	I HATE how custodial in SH will only unlock one of two doors at every building entrance. In is unsafe.	12/2/2015 11:24 AM
32	The staff on the phone are really nice and kind. Sometimes we get some not so happy workers doing repairs or what not. Our custodial peeps are the best in the business. However, the stuff they clean the floors with has this awful smell, can you guys give them something non-scented or less smelly?	12/2/2015 10:42 AM
33	The condition of our building is strictly the age and how this affects the functionality of our property. Only new construction could alleviate the above issues we have with this building, not the quality of work for physical plant. Transportation has been extremely helpful, as well as moving services!	12/2/2015 10:38 AM
34	When we place work orders - there is a lack of communication as to when Physical Plant will come to our offices, particularly in regards to equipment moves. Our custodial staff empties our recycling (blue canned items) into the trash; so it is never recycled.	12/2/2015 10:30 AM
35	Have spoken to Joyce regarding custodian on first floor. Seeing improvements.	11/30/2015 8:45 AM
36	Gulf Coast. Great job by our Physical Plant employees while they overcome a difficult leadership transition.	11/30/2015 8:35 AM
37	Been here a year since September 2015 and I could not ask a better group to work with.	11/30/2015 7:42 AM
38	Very great workers; very professional and polite.	11/25/2015 1:06 PM
39	The main problem are roof leaks in OMH. My impression is that they were not properly fixed--moldy ceiling tiles were replaced but the leaks themselves continued--I saw water damage seeping into the new tiles just days after it was replaced.	11/25/2015 12:42 PM

Customer Satisfaction Survey - Fall 2015

40	Inconsistent--sometimes timely and great quality--sometimes not so	11/25/2015 11:42 AM
41	Most of my communication with physical plant goes through the office manager in my department. The only day-to-day contact I have is with the custodial staff in LAB, and they are WONDERFUL.	11/25/2015 11:21 AM
42	Everyone is always super nice.	11/25/2015 11:12 AM
43	My only complaint is lack of communication with the workers responding to a work order not getting in touch with me before they begin work. I would like to have them talk to me about what the issue is and what I am asking them to do that cannot be explained in the online request.	11/25/2015 10:51 AM
44	during a move of offices it was difficult to get help for more than 20 minutes at a time and then we'd wait hours for them to come back and continue	11/25/2015 10:33 AM
45	I am on the Gulf Park Campus	11/25/2015 10:33 AM
46	Physical Plant staff does a great job with follow up to make sure requests are completed.	11/25/2015 10:28 AM
47	Need to fix elevators in Chain Tech Building	11/25/2015 10:23 AM
48	I have heard rumors that people see trash and recycle materials thrown in the same bins when picked up out of trash cans by USM staff. That is very disappointing to hear.	11/25/2015 10:21 AM
49	Ms. Ruth the custodial person for our building, is awesome she spoils each of us.	11/25/2015 10:20 AM
50	My only recommendation is that when someone comes over to complete a work request in the building, the physical plant staff should speak to the individual who submitted the work request whenever possible.	11/25/2015 10:19 AM
51	I appreciate all the hard work that Physical Plant does. I notice all the great landscaping and cleaning of the campus. Our custodian is very good.	11/25/2015 10:19 AM
