We are currently accepting applications for Foreign Service Construction Engineer positions.

Read the vacancy announcement for more information, and to start the online application process. Please note that the deadline to submit completed applications is April 29, 2015.

Foreign Service Construction Engineers (CE) monitor and report on contract work overseas to ensure that the construction of new properties and renovation of existing properties are completed properly, on time and within budget.

All potential applicants are strongly urged to read the entire vacancy announcement to ensure that they meet all of the requirements for this position before applying.

Applicants must be U.S. Citizens and at least 20 years old to apply. They must be at least 21 years of age to be appointed. By law, all career candidates must be appointed to the Foreign Service prior to the month in which they reach age 60. Applicants must also be available for worldwide service, and be able to obtain all required security, medical and suitability clearances.
